Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers and cast iron cooking. We've been successful with books on gluten free cooking, vegetarian and vegan cooking, paleo, raw foods and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. *The Complete Guide to Even More Vegan Food Substitutions* Celine Steen, Joni Marie Newman, 2015-07 Expert vegan author team Celine Steen and Joni Marie Newman are back to provide vegans with an extremely informative and resourceful guide that will increase readers' confidence in the kitchen and help them create fantastic vegan meals. *The Complete Guide to Even More Vegan Food Substitutions* focuses on the latest new ingredients and substitutions readers can use to create stellar plant-based meals at home from any recipe. Did you know, for instance, that chia seeds can be used not only as an egg substitute and gelling agent but in ice creams, baked goods, jams and even cheeses? Or that coconut oil can easily be used to replace commercial vegan butters? How about making some decadent whipped cream from coconut cream? Or substituting savory jackfruit for shredded meat and French lentils for burgers? Inside, readers will learn how to not only substitute for dairy, eggs, meat, seafood and more using more natural and vegetable-centric ingredients but also how to make their own all-natural versions of these foods. While some of the ingredients and techniques discussed in the original book bear repeating, *The Complete Guide to Even More Vegan Food Substitutions* stands rightly on its own two feet.
