The Complete Idiot's Guide to Impeachment of the President Steven D. Strauss, Spencer Strauss, 1998 An inside look at the possible impeachment President Clinton and what it would mean to the country Including detailed information on the Starr report a history of impeachment and the impeachment process **Impeachment** Cass R. Sunstein, 2019-06-25 With insight wisdom affection and concern Sunstein has written the story of impeachment every citizen needs to know This is a remarkable essential book Doris Kearns Goodwin No one is above the law not even the president Impeachment is the most potent tool the founders gave us to ensure it and yet few of us even know how it works As Benjamin Franklin famously put it Americans have a republic if we can keep it Preserving the Constitution and the democratic system it supports is the public s responsibility One route the Constitution provides for discharging that duty a route rarely traveled is impeachment Expanding beyond violations of the law impeachment was meant to defend against any action that would undermine the foundations of our republic Harvard Law professor Cass R Sunstein provides a succinct citizen s guide to this essential tool of self government Taking us deeper than mere partisan politics he illuminates the constitutional design behind impeachment and emphasizes the people s role in holding presidents accountable In spite of the loud national debate over whether or not the House is right to impeach Trump impeachment itself remains widely misunderstood Sunstein identifies and corrects a number of common misconceptions and describes how impeachment helps is an essential piece of our constitutional order and a crucial part of the framers decision to install an empowered executive in a nation deeply fearful of kings With an eye toward the past and the future Impeachment A Citizen s Guide considers a host of actual and imaginable arguments for a president s removal explaining why some cases are easy and others hard why some arguments for impeachment have been judicious and others not And with an afterword and appendix on the current impeachment it puts the national debate in its proper historical context In direct and approachable terms it is a guide through the treacherous waters of the impeachment process so that Americans of all political convictions may use their ultimate civic authority wisely
