studio above Carroll's college rooms at Oxford where he created many of his striking portraits and she also follows him into the field on excursions to the theater in London to the seaside at Eastbourne and even to Russia Smith also details Carroll's enthusiastic work as a collector in which role he arranged portrait sittings for photographers whose work he admired Beautifully illustrated with a generous selection of Carroll's work and that of other photographers of the period this book gives fans of Carroll's writing a new way to understand his creative genius      **The Publishers' Trade List Annual** ,1875
