The Conquest Of Siberia An Epic Of Human Pabions:

The Conquest of Siberia ,1944 The Conquest of Siberia Илья Николаевич Семенов,1944 *The Sinner and the Saint* Kevin Birmingham,2021-11-16 A New York Times Book Review Editors Choice One of The East Hampton Star s 10 Best Books of the Year From the New York Times bestselling author of The Most Dangerous Book the true story behind the creation of another masterpiece of world literature Fyodor Dostoevsky s Crime and Punishment The Sinner and the Saint is the deeply researched and immersive tale of how Dostoevsky came to write this great murder story and why it changed the world As a young man Dostoevsky was a celebrated writer but his involvement with the radical politics of his day condemned him to a long Siberian exile There he spent years studying the criminals that were his companions Upon his return to St Petersburg in the 1860s he fought his way through gambling addiction debilitating debt epilepsy the deaths of those closest to him and literary banishment to craft an enduring classic The germ of Crime and Punishment came from the sensational story of Pierre Fran ois Lacenaire a notorious murderer who charmed and outraged Paris in the 1830s Lacenaire was a glamorous egoist who embodied the instincts that lie beneath nihilism a western influenced philosophy inspiring a new generation of Russian revolutionaries Dostoevsky began creating a Russian incarnation of Lacenaire a character who could demonstrate the errors of radical politics and ideas His name would be Raskolnikov Lacenaire shaped Raskolnikov in profound ways but the deeper insight as Birmingham shows is that Raskolnikov began to merge with Dostoevsky Dostoevsky was determined to tell a murder story from the murderer s perspective but his character couldn t be a monster No The murderer would be chilling because he wants so desperately to be good The writing consumed Dostoevsky As his debts and the predatory terms of his contract caught up with him he hired a stenographer to dictate the final chapters in time Anna Grigorievna became Dostoevsky s first reader and chief critic and changed the way he wrote forever By the time Dostoevsky finished his great novel he had fallen in love Dostoevsky s great subject was self consciousness Crime and Punishment advanced a revolution in artistic thinking and began the greatest phase of Dostoevsky s career The Sinner and the Saint now gives us the thrilling and definitive story of that triumph **The Gunpowder Age** Tonio Andrade,2017-08-29 A first look at gunpowder s revolutionary impact on China s role in global history The Chinese invented gunpowder and began exploring its military uses as early as the 900s four centuries before the technology passed to the West But by the early 1800s China had fallen so far behind the West in gunpowder warfare that it was easily defeated by Britain in the Opium War of 1839 42 What happened In The Gunpowder Age Tonio Andrade offers a compelling new answer opening a fresh perspective on a key question of world history why did the countries of western Europe surge to global importance starting in the 1500s while China slipped behind Historians have long argued that gunpowder weapons helped Europeans establish global hegemony Yet the inhabitants of what is today China not only invented guns and bombs but also as Andrade shows continued to innovate in gunpowder technology through the early 1700s much longer than previously thought Why then did China become so

vulnerable Andrade argues that one significant reason is that it was out of practice fighting wars having enjoyed nearly a century of relative peace since 1760 Indeed he demonstrates that China like Europe was a powerful military innovator particularly during times of great warfare such as the violent century starting after the Opium War when the Chinese once again quickly modernized their forces Today China is simply returning to its old position as one of the world s great military powers By showing that China s military dynamism was deeper longer lasting and more quickly recovered than previously understood The Gunpowder Age challenges long standing explanations of the so called Great Divergence between the West and Asia

Russia's Frozen Frontier Alan Wood,2011-05-15 Alan Wood s ambitious work is the first to address the whole span both chronologically and thematically of the development of Siberia and its role in both the Russian and the global context With a scope that reaches from Muscovy s conquest of Siberia in the 16th and 17th centuries to modern times it explores the effects of colonial exploitation the Revolutions of 1917 and developments during the Soviet period Russia s Frozen Frontier is also the first book to detail the history of Siberia from the view of Siberians themselves both Russian and native rather than seen through the lens of Moscow or St Petersburg

Sacred Sea Peter Thomson,2007-08-29 Siberia s Lake Baikal is one of nature s most magnificent creations the largest and deepest body of fresh water in the world And yet it is nearly unknown outside of Russia In *Sacred Sea* the first major journalistic examination of Baikal in English veteran environmental writer Peter Thomson and his younger brother undertake a kind of pilgrimage journeying 25 000 miles by land and sea to reach this extraordinary lake At Baikal they find a place of sublime beauty deep history and immense natural power But they also find ominous signs that this perfect eco system containing one fifth of earth s fresh water and said to possess a mythical ability to cleanse itself could yet succumb to the even more powerful forces of human hubris carelessness and ignorance Ultimately they help us see that despite its isolation Baikal is connected to everything else on Earth and that it will need the love and devotion of people around the world to protect it
