Nakamura, Lorena Thorup, 1976      Health Care Handbook Mark Cromer, 1997      **The Consumer's Guide to Health Insurance** Health Insurance Association of America, 1992      **The Consumer's Guide to Medical Mistakes** Robert A. Peraino, 2005      **Healthcare, Insurance, and You** Lisa Zamosky, 2013-09-30

Healthcare is changing and you need to know how and what to do about it. Getting good medical care shouldn't be so confusing or so costly. Healthcare Insurance and You simplifies the many confusing details about our healthcare system so you can make informed decisions. Result: Better health at lower cost. With the advent of healthcare reform, things are changing, especially when it comes to insurance. Most people will now have to buy insurance. Do you know where to get a policy or what to look for in one? Did you know more people will now qualify for free or subsidized healthcare? Even if you get insurance through work, you'll face new choices that you'd better understand to maintain your peace of mind. As this book shows, the failure to understand how insurance and the healthcare system work can have a major impact on your physical and financial health. Healthcare Insurance and You is an easy-to-use guide that explains the main challenges you face when trying to get excellent healthcare: choosing the best insurance policy for your situation, finding the right doctor or hospital, buying prescription drugs the least expensive way, picking out the right Medicare plan, or fighting for your rights when dealing with insurers or medical providers. Healthcare Insurance and You includes tips, resources, and strategies for navigating the healthcare system and avoiding common mistakes so you can get the best healthcare for you, your family, or your organization without breaking the bank. This book shows you how to choose a health plan that best meets your medical and financial needs, including new options under the Affordable Care Act. Ways to cut through red tape and fight billing errors and claim denials. What businesses need to know about offering or not offering insurance to employees. How to plan ahead for a disability or end-of-life care. Healthcare costs rank high on the list of money concerns Americans have. And when it comes to getting great healthcare for you and your family and avoiding crippling medical bills, knowledge is power. Healthcare Insurance and You is a practical guide that explains the complicated healthcare system in plain language and puts the power of good health back in your hands.
