The Only Good Secretary:

The Only Good Secretary Jean Potts,1998 **The Only Good Secretary / The Man With the Cane** Jean Potts,2021-07-26 THE ONLY GOOD SECRETARY When Louise gets to magazine office on Monday morning she discovers that someone has murdered Fern Villard the only good secretary that editor High Dudgeon has ever had High on the list of suspects is Max Sutter He and Fern were seeing each other and had argued that Friday night before he left the office But then W J Robinson had reasons to be jealous of Fern as well because she was angling to replace him as editor of the Questions and Answers Department And then there s sullen Donna Hirsch who clearly has a personal interest in Max Could she have decided to remove the competition Certainly Archie O Brien must know more than he s telling he stayed late in the building that night at a party on another floor Someone in the office had wanted Fern dead but who wanted her dead enough to kill her THE MAN WITH THE CANE When Val discovers the body of the murdered man lying on the church steps the first thing he notices is how much he resembles the man with the cane that his young daughter had described earlier that day But how could she have known this anonymous man She s just a little girl living with her mother and her step father blocks away from here It s too much of a coincidence yet Val is convinced that this man must somehow be known to them So Val sets out on a bit of detecting querying the family members about what they know First there s Maudie Val s giddy ex mother in law his argumentative ex wife Doris and her perfect husband Monroe And Doris s affable brother Clyde formerly married to the beautiful sensitive Barbara Clyde wasn t even in town at the time or was he Each one seems to harbor a closely held secret but which secret will unlock the motive behind the murder of the man with the cane *Congressional Record* United States. Committee on Appropriations,1914 **The Official History of the Cabinet Secretaries** Ian Beesley,2016-12-01 This book is the official history of British Cabinet Secretaries the most senior civil servants in UK government from the post war period up to 2002 In December 1916 Maurice Hankey sat at the Cabinet table to take the first official record of Cabinet decisions Prior to this there had been no formal Cabinet agenda and no record of Cabinet decisions Using authoritative government papers some of which have not yet been released for public scrutiny this book tells the story of Hankey s post war successors as they advised British Prime Ministers

and recorded Cabinet's crucial decisions as the country struggled through the exhaustion that followed World War II grappled with a weak economy that could not support its world ambitions saw the end of the post war economic and social consensus and faced the 9/11 attack on the Twin Towers symbol of Western dominance It looks at events through the eyes of politically neutral senior civil servants the mandarins of Britain It shows how the dramatic foreshortening of timescales and global news have complicated the working lives of those who daily face the deluge of potentially destabilising events the skills required to see dangers and opportunities around corners when to calm things down and when to accelerate action why secrecy is endemic when government comes close to losing control or when political ambition threatens self destruction This book will be of great interest to students of British politics British history and British government **Restructuring the**
