The Other Side An Account Of My Experiences With Psychic Phenomena:

The Other Side James A. Pike, Diane Kennedy Pike, 2008-02-01 Introducing new reprints by and about Bishop James Pike
The Other Side Search The Other Side is a moving narrative of a father's efforts to save his son from enslavement to
psychedelic drugs a tragic story of a young and gifted man's premature death a startling story of poltergeist occurrences that
led the father and other witnesses to believe that from beyond the grave his son was trying to get in touch a detailed account
of how this communication proceeded during a time when the father was under accusation for heresy for believing too little
Above all it is an analysis by one of America's keenest minds of what all these experiences may mean The Other Side
certainly reads like a suspenseful novel yet every phrase of the narration is painstakingly documented by eyewitness
accounts of the strange occurrences that led the Bishop Pike to consult mediums in England and America and by several
word for word tape recordings of such seances All readers will find here an honest and lucid exploration of psychic
phenomena and those who have lost a loved one to suicide will find reason to take heart and find hope **The Other Side**

Big Mother Jasun Horsley,2023-10-31 A bold examination of artificial intelligence consciousness technology and the human urge to return to the womb The thesis of Big Mother begins with the premise that our disembodiment as a species is being engineered and that at the same time we are engineering it through technology It proposes that the primary driving force of human civilization is the desire to create through technology a replica of the mother s body and then disappear into it Taking us into the uncanny valley where neurodiversity linguistics consciousness technology demonology Rudolf Steiner Philip K Dick Norman Bates Ted Bundy transgenderism liquid modernity identity politics the surveillance state virtual reality transhumanism Satanism medical totalitarianism and a new world religion of scientism collide Big Mother explores the technologically assembled and technocratically imposed architecture of illusion in which the modern human being is increasingly lost inside and points the way back to our original soul natures
