The Company Of A Daughter:

The Runaway Schoolgirl - This is the true story of my daughter's abduction by her teacher Jeremy Forrest Davina Williams, 2015-02-05 On Friday 21 September 2012 mother of five Davina Williams found herself facing two policemen on her doorstep It was the start of a year long nightmare that still haunts the entire family Her fifteen year old daughter was missing and soon after was captured on CCTV boarding a ferry to France with her thirty year old school teacher Jeremy Forrest The newspapers called her The Runaway Schoolgirl and some saw their romance as nothing more than a harmless love story But Forrest had abused his position of responsibility and engaged his pupil in a sexual relationship Now Davina Williams the mother of the teenager referred to as Gemma Grant tells the story of the abduction and subsequent capture of Forrest its harrowing aftermath and the traumatic trial to make Forrest pay for his crimes Told only as a mother knows how Davina Williams hopes her heart wrenching story will silence the parasites who believed they should be together and allow Gemma and her family to finally move on with their lives

Father-Daughter Succession in Family Business Paul W. Thurman, Robert S. Nason, 2016-04-22 To whom does a father retiring from his life as a successful entrepreneur pass control of the business he has built Once it would always have been his eldest son but increasingly women are becoming involved in family firms having risen to positions of influence and leadership Using revealing case studies from the daughters who succeeded their entrepreneur fathers in a wide variety of challenging situations cultures and continents Father Daughter Succession in Family Business discusses the changes which have led to daughters gaining influence in more and more family businesses It looks at the tensions this succession can produce between old notions of how men and women should behave and the new style of leadership that often comes about when a woman takes the helm This book will help consultants business educators and researchers as well as those who are themselves involved in significant family managed enterprises to better understand why it can no longer be assumed in any part of the World that the first born son will take over the reins of the family business

 Britain,1967 Nikitta: A Mother's Story - The Tragic True Story of My Daughter's Murder Marcia Grender,2016-02-04 On
 February 5 2011 Marcia Grender received a phone call which changed her life forever The flat her beautiful 19 year old
 daughter Nikitta shared with her fiance Ryan Mayes was on fire and Nikitta was believed to be trapped inside Marcia and
 her partner Paul Nikitta's father rushed to the scene but there was nothing they could do Firefighters had already discovered
 Nikitta's body in the wreckage of the home she'd lovingly built with her childhood sweetheart To add to their agony Nikitta
 had been eight months pregnant The fully formed yet unborn baby girl she'd already named Kelsey May was gone too But it
 soon became apparent Nikitta's death was far from an accident Within hours the investigation became a murder inquiry and
 Ryan's cousin Carl Whant was the prime suspect As her world collapsed around her Marcia could only watch in horror
 Shortly after Whant was charged with murder child destruction rape and arson she began charting her feelings in a searingly
 honest diary the contents of which are published for the first time in this book Marcia painstakingly recalls the agony of
 holding her granddaughter for the first time in a police mortuary but being unable to see her dead daughter because of the
 shocking state in which Whant had left her But above all she speaks of the indescribable hell of learning to live without the
 most important thing in her life **Daughters of the Mountain** Suzanne E. Tallichet,2007-05-02 Much has been written
 over the years about life in the coal mines of Appalachia Not surprisingly attention has focused mainly on the experiences of
 male miners In Daughters of the Mountain Suzanne Tallichet introduces us to a cohort of women miners at a large
 underground coal mine in southern West Virginia where women entered the workforce in the late 1970s after mining jobs
 began opening up for women throughout the Appalachian coalfields Tallichet's work goes beyond anecdotal evidence to
 provide complex and penetrating analyses of qualitative data Based on in depth interviews with female miners Tallichet
 explores several key topics including social relations among men and women professional advancement and union
 participation She also explores the ways in which women adapt to mining culture developing strategies for both resistance
 and accommodation to an overwhelmingly male dominated world *A Daughter's Inheritance (The Broadmoor Legacy Book*
