The Asperger Social Guide is a pocket sized travel guide for adults with Asperger s syndrome exploring the social world Genevieve and Dean have written a practical handbook based on their personal experiences They know what people with Asperger s syndrome need to know and write in a clear and engaging style I endorse their explanations tips and strategies and will be recommending The Asperger Social Guide to my adult clients and those who support them Professor Tony Attwood This looks like a book that our social skills groups and some of our schools could use Social skills are a big problem area for people with AS so quality help is always needed Cathy Mercer National Autistic Society Overall I think that this is a very useful book and you can read the sections as and when you need to Action for ASD Readers who have already begun to grasp the basics of social interaction could learn a lot from this book Asperger United An excellent self help text Not a word

is wasted and as well as being highly recommended for individuals with Asperger's Syndrome should also be read by education professionals supporting young people with Asperger's Syndrome in schools colleges and universities

**SENCO Update** The imposition of social skills teaching is sometimes seen as stemming from a negative attitude to social difference Participation in activities might be resented by the AS community and the choice to learn and adopt neuro typical behaviour should to be offered as an option and in a very respectful way This book is a self help manual written by two AS adults who offer others the benefits of their experiences It is suitable for private study by AS individuals and can also be used in FE and higher education establishments for support and personal development courses

Genevieve Edmonds is a 23 year old with residual Asperger's Syndrome which she views as a significant gift She works as an associate of the Missing Link Support Service in Lancashire supporting those disabled by society including individuals with ASD She speaks and writes frequently in the field of Autism along with giving training workshops and soon counselling She aims to empower those with ASD carers and professionals in the understanding of Asperger's Syndrome as a difference rather than an impairment She lives and works in a solution focussed way and is based in north west England

Dean Worton is a 31 year old high functioning individual with a very positive expression of Asperger Syndrome He runs a very successful UK based website for adults with Asperger's Syndrome and hosts real life meet ups around the UK for its members His key interest is in encouraging adults to live positively and successfully with the gifts that Asperger's Syndrome provides He also works in administration and resides in north west England

**Sanctuaries of Segregation** Carter Dalton Lyon, 2017-03-20 Winner of the 2017 Eudora Welty Prize

Sanctuaries of Segregation provides the first comprehensive analysis of the Jackson Mississippi church visit campaign of 1963 1964 and the efforts by segregationists to protect one of their last refuges For ten months integrated groups of ministers and laypeople attempted to attend Sunday worship services at all white Protestant and Catholic churches in the state's capital city While the church visit was a common tactic of activists in the early 1960s Jackson remained the only city where groups mounted a sustained campaign targeting a wide variety of white churches Carter Dalton Lyon situates the visits within the context of the Jackson Movement compares the actions to church visits and kneel ins in other cities and places these encounters within controversies already underway over race inside churches and denominations He then traces the campaign from its inception in early June 1963 through Easter Sunday 1964 He highlights the motivations of the various people and organizations the interracial dialogue that took place on the church steps the divisions and turmoil the campaign generated within churches and denominations the decisions by individual congregations to exclude black visitors and the efforts by the state and the Citizens Council to thwart the integration attempts Sanctuaries of Segregation offers a unique perspective on those tumultuous years Though most churches blocked African American visitors and police stepped in to make forty arrests during the course of the campaign Lyon reveals many examples of white ministers and laypeople stepping forward to oppose segregation Their leadership and the constant pressure from activists seeking entrance into worship

services made the churches of Jackson one of the front lines in the national struggle over civil rights

**Transformational Pastoral Leadership** Tim Gregory, 2023-04-06 This book provides a model based on Paul's letter to the church in Philippi to help pastors lead in a manner that brings lasting change and maturity to congregational members The project addresses the need for pastors to move beyond a transactional mindset to a transformational approach to leadership and it provides a model for them to follow Tim Gregory grounds the call to transformational leadership in a close reading of Paul drawing out multiple dimensions of what that leadership should strive to develop in a faith community
