Macdonald, 2012-02-03 It's not all longing looks across the dining room from that high class gentleman Life as a Victorian servant was tough tough Discover the bizarre and oh so strict rules one had to keep to when serving the dignitaries in Victorian Servants A Very Peculiar History Rise up through the ranks from washerwoman to housemaid to ladies maid and beyond but mind you don't keep any followers as boyfriends are immoral and are strictly not allowed While you wait on hand and foot from 5 30 am to 11 pm you won t even have time to rest your own The chamber pots are certainly not to be sniffed at and remember if the bell rings once you are wanted It's hard work but it's better than the alternative begging returning home penniless or heading to the workhouse You ll discover stories of suffering and household tips galore in Victorian Servants A Very Peculiar History *In the Service of Empire* Fae Dussart, 2022-01-27 Despite recent research the 19th century history of domestic service in empire and its wider implications is underexplored This book sheds new light on servants and their masters in the British Empire and in doing so offers new discourses on the colonial home imperial society identities and colonial culture Using a wide range of source material from private papers to newspaper articles official papers and court records Dussart explores the strategic nature of the relationship the connection between imperialism domesticity and a master servant paradigm that was deployed in different ways by varied actors often neglected in the historical record Positioned outside the family but inside the private place of the home the domestic servant was often the foil against which 19th century contemporaries worked out class race and gender identities across metropole and colony creating those places in the process The role of domestic servants in empire thus lay not only in the labour they undertook but also in the way the servant master relationship constituted ground that helped other power relations to be imagined and contested Dussart explores the domestic service relationship in 19th century Britain and India considering how ideas about servants and their masters and or mistresses spanned imperial space and shaped peoples and places within it Country House Servant Pamela A Sambrook, 2002-05-13 One 19th century footman complained about the work involved in drawing more than 40 baths for his household yet Lady Grenville felt no compunction in describing her footman as a lazy flunkey For centuries a large body of domestic servants was an often unappreciated foundation for the smooth running of a household Today the warrens of domestic offices intrigue visitors This book makes sense of these and the social structures behind them It describes the skills equipment cleaning methods and work organization of the housemaid laundrymaid footman valet and hall boy the servants who spent their days polishing fine furniture and washing brilliant chandeliers but also sponging filthy riding habits and washing babies nappies The author also looks at how servants spent their leisure time One footman enjoyed rowing on the lake every morning before work while others had to sit up late at night sewing their own work dresses Contemporary manuals diaries accounts and first hand recollections provide a vivid insight into what life was really like for those in domestic service A wealth of photographs engravings and panels illustrate the domestic workings of country houses many now looked after by the National Trust This is an absorbing book for social historians and visitors to

country houses alike Masculinity and the English Working Class Ying Lee, 2016-05-06 This book examines representations of working class masculine subjectivity in Victorian autobiography and fiction In it Ying focuses on ideas of domesticity and the male body and demonstrates that working class masculinities differ substantially from those of the widely studied upper classes The book also maps the relationship between two trends the early nineteenth century efflorescence of published working class autobiographies in which working men construct their identities for a broad readership and a contemporaneous surge of public interest in the lower orders that finds reflection in the depiction of working class characters in popular novels by middle class authors The book mimics this point of convergence by pairing three working class autobiographies with three middle class novels Each chapter focuses on a particular type of work domestic service manual not artisanal labour and literary labour and the opportunities it offers for social advancement Ying considers the specific ways in which classed and gendered consciousness emerges autobiographically and its significance in the writing of working class subjectivity for public consumption Then mainstream novels by Charles Dickens Elizabeth Gaskell and Charles Kingsley are re read from the perspective of these autobiographical pressure points The Servants' Story Pamela Sambrook, 2016-11-15 A look at the personal lives of the people who served one of the richest families in Britain
