Contemporary Homo Ludens Halina Mielicka-Pawłowska,2016-08-17 Play allows the fulfilment of one s dreams yet also teaches subjugation to the norms governing daily life Furthermore traditional forms of play transmitted from one generation to another guarantee a culture s continuance and perpetuation in time Contemporary forms of play integrate a populace creating a specific community of laughter which places a high value on individuality and the ability to lead social games Play invalidates social divisions but also diversifies behaviours through the introduction of changes in the rules depending on the age of those engaged Furthermore it adapts to the forms by which social reality is created as well as that reality s goals which in turn impart sense and meaning to something which of its own nature seems deprived thereof
