Najork, 2021-02-08 Mar u saga the Old Norse Icelandic life of the Virgin Mary survives in nineteen manuscripts While the 1871 edition of the saga provides two versions based on multiple manuscripts and prints significant variants in the notes it does not preserve the literary and social contexts of those manuscripts In the extant manuscripts Mar u saga rarely exists in the codex by itself This study restores the saga to its manuscript contexts in order to better understand the meaning of the text within its manuscript matrix why it was copied in the specific manuscripts it was and how it was read and used by the different communities that preserved the manuscripts **From Old English to Old Norse** John Frankis, 2016-01-31 This study focusses upon the Old Norse version of lfric s Old English homily De falsis diis the most substantial of a family of Old Norse Icelandic texts of unclear provenance but which derive in varying degrees from Old English originals To throw fresh light upon the translation s origins a range of other Old Norse and Old English texts are considered While the known facts of lfrician manuscript circulation and adaptation are hard to reconcile with an Icelandic origin traces of later circulation in Norway and Iceland are explored The study includes a parallel text Old English Old Norse edition of De falsis diis with facing modern English translations to aid detailed comparison Old Norse Myths, Literature and Society Geraldine Barnes, Margaret Clunies Ross, 2000 **Miraculous Crosses and Crucifixes in Late Medieval and Early Modern Norway** Kaja Merete Haug Hagen, 2024-12-22 This book explores the function and symbolism of monumental wooden crosses and crucifixes from medieval and early modern Norway Multiple sources indicate that these objects were understood to provide healing and protection for the pious This book considers how crosses and crucifixes could be invested with such capabilities and where their powers were understood to stem from According to the Lutheran doctrine officially implemented in Norway with the Reformation in 1537 apotropaic and healing powers of objects were defined as superstition However crosses and crucifixes were still credited with miraculous powers and received pilgrims and gifts for centuries This volume explores the religious understandings of miraculous sculptures across the Reformation period Today a remarkable corpus of almost 200 medieval wooden crosses and crucifixes have survived In its consideration of a wide range of sculptures and related texts the book sheds light on the relationship between art text and society in medieval and early modern northern Europe Elucidarius Honorius (of Autun), 1989 **Transforming Europe in the Images of the World, 1110-1500** Natalia

Petrovskaja, 2025-10-01 This is the first book to examine the wide and important geographical tradition that arose from the description of the world in the *Imago mundi* a medieval encyclopedic bestseller almost unrivalled in popularity from its composition in the 1110s well into the age of print The *Imago mundi* was translated into most European vernaculars and extracts from it were adapted into vernacular works ranging from encyclopedias to literary fiction verse and prose This is the first study to examine this tradition as a unified whole It focuses in particular on the permutations undergone by the depiction of the region designated as Europe in the original text and its later adaptations The book demonstrates the incredible flexibility of the original text and how this enabled the transformation of this spatial description to suit the linguistic political and cultural needs of vernacular adaptations
