**Social Geographies** Gill Valentine,2014-06-06 Most social geography undergraduate textbooks are structured around different social categories splintering the discussion of gender class race and increasingly now sexuality and disability into separate chapters This has the effect firstly of making social relations rather than space the *raison d'etre* of human geography the focus of undergraduate books secondly of ignoring the way that social relations are negotiated and contested in different space Rather than reproducing this conventional social geography format the aim of this proposed text is to make space the focus of analysis In doing so the intention is to make complex theoretical debates about space more accessible to students and encourage them to look at their own environments in new ways

*Reader's Guide to the Social Sciences* Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

Women's Work Ellen Cole,Esther D Rothblum,Donna M Ashcraft,2013-04-03 While most women s studies texts function topically as readings for courses and general use *Women s Work A Survey of Scholarship* By and About Women takes a broad spectrum of women s disciplines psychological artistic religious and philosophical and gives you a diverse interdisciplinary view of this important and ever expanding field of study in one accessible volume You ll see that women are leading the world into the twenty first century in such areas as education business health and science You ll also find your appreciation for the

current developments in women's studies increase as you see how far reaching and multifaceted this crucial discipline really is. *Women's Work* avoids the compilations of topical readings that tend to bog down typical women's studies courses and explores the different disciplines that continue to make this field central to the development of the academic world community. You'll find your perspective on women's studies expand and take on new meaning as you delve into these and other areas: feminist approaches to research the lack of women in science and feminist critiques of science; women and health psychology and discussions on sex differences, sex similarities and gender roles; communication differences between men and women; women in literature, art history and metaphysics; Judeo-Christian religions and goddess religions. This comprehensive compendium has something for everyone interested in the massive contribution that women have made and will continue to make in all areas of human development. All readers, especially women's studies scholars, professors, students and informed members of the general public looking for an excellent up to date resource concerning the general direction of feminist disciplines today will definitely want a copy of *Women's Work*. [Tourism, Ethnic Diversity and the City](#) Jan Rath, 2007-05-07 Informative and enlightening. Rath fills a gap in existing research in terms of how immigration relates to urban tourism and investigates the new theoretical insights using revealing international case studies. *Britain's Cities* Michael Pacione, 2002-11-01 Uneven distribution of life is a dominant feature of the city. Major social, economic and spatial divisions are apparent in terms of income and wealth, health, crime, housing and employment. This text offers an introduction to current processes of urban restructuring, geographies of division and contemporary conditions within the city. The geography of Britain's cities is the outcome of interaction between a host of public and private economic, social and political forces operating at a variety of spatial scales from the global to the local. A deeper understanding of the nature of urban division and of the problems of and prospects for local people and places in urban Britain must be grounded in an appreciation of the structural forces, processes and contextual factors which condition local urban geographies. This book combines structural and local level perspectives to illuminate the complex geography of socio-spatial division within urban Britain. It combines conceptual and empirical analyses from researchers in the field. [Contemporary Issues Here and Abroad](#) Helen Huus, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas. **Maritime Heritage in Crisis** Richard M. Hutchings, 2016-12-08 Grounded in critical heritage studies and drawing on a Pacific Northwest Coast case study, *Maritime Heritage in Crisis* explores the causes and consequences of the contemporary destruction of Indigenous heritage sites in maritime settings. Maritime heritage landscapes are undergoing a period of unprecedented crisis; these areas are severely impacted by coastal development, continued population growth and climate change. Indigenous heritage sites are thought to be particularly vulnerable to these

changes and cultural resource management is frequently positioned as a community's first line of defense yet there is increasing evidence that this archaeological technique is an ineffective means of protection Exploring themes of colonial dislocation and displacement Hutchings positions North American archaeology as neoliberal statecraft a tool of government designed to promote and permit the systematic clearance of Indigenous heritage landscapes in advance of economic development Presenting the institution of archaeology and cultural resource management as a grave threat to Indigenous maritime heritage Maritime Heritage in Crisis offers an important lesson on the relationship between neoliberal heritage regimes and global ecological breakdown *Community Cohesion in Crisis?* John Flint, David Robinson, 2008-07-23 This book examines how new dimensions of diversity and difference so often debated in the national context are emerging at the neighbourhood level

**Introduction to Cambodia** Gilad James, PhD, Cambodia also known as the Kingdom of Cambodia is located in Southeast Asia with Thailand to the northwest Laos to the northeast Vietnam to the east and the Gulf of Thailand to the south The country has a rich and tumultuous history with ancient Hindu and Buddhist kingdoms European colonialism and the devastating rule of the Khmer Rouge Despite its troubled past Cambodia has made significant progress in recent decades and is emerging as a popular tourist destination Cambodia's capital city is Phnom Penh which is known for its French colonial architecture bustling markets and the Royal Palace Other popular tourist destinations include Siem Reap home to the famous Angkor Wat temple complex and Sihanoukville a coastal city with stunning beaches and offshore islands The country's official language is Khmer and the currency is the Cambodian riel Cambodia's economy largely relies on agriculture with rice being the main crop and tourism has become a significant source of income in recent years

**Contemporary Issues in Social Science** Simon Grima, Ercan Özen, Hakan Boz, 2021-05-25 This international exploration on different economic systems provides a comprehensive account which brings a wide range of countries to the forefront in terms of both comparability and accountability this study shines a light on the differences in systems between states and provides information to equip readers to minimize those differences *Towards a Political Economy of Resource-dependent Regions* Greg Halseth, Laura Ryser, 2017-08-18 This book advances our understanding of resource dependent regions in developed economies in the 21st Century It explores how rural and small town places are working to find success in a new economy marked by demographic economic social cultural political and environmental change How are we to understand the changes and transformations working through communities and economies Where are the trajectories of change leading these resource dependent places and regions Drawing upon examples from Canada USA UK Australia New Zealand and the Nordic countries these and other questions are explored and addressed by constructing a critical political economy framework of resource hinterland transition Towards a Political Economy of Resource Dependent Regions is a key resource for students and researchers in geography rural and industrial sociology economics environmental studies political science regional studies and planning as well as policy makers those in industry and the private sector and local and regional

development practitioners      *Cities In Space* Prof David Herbert, Dr Colin Thomas, 2013-11-26 This is the third major revision of a text first published in 1982 with the title *Urban Geography A First Approach* and in 1990 as *Cities in Space City as Place*. The study of urban geography remains an important part of the geographical curriculum both in schools and in higher education. This book analyses life in an urban society and in a world which is being transformed by the processes of urbanization. To study urban geography is to study environments and phenomena significant to our everyday lives. This is an introductory text which aims to present both more traditional and newer approaches to urban geography in an accessible and educational way.

**Modern Environmentalism** David Pepper, 2002-06 Examining key environmentalist ideas within their social and historical context, this book analyses the diverse views within the science-nature debate, addresses questions of social change and suggests how to establish the desired ecological society.

**Introduction to Finland** Gilad James, PhD, Finland also known as the Land of a Thousand Lakes is a Northern European country located between Sweden and Russia. It has a population of approximately 5.5 million people and its capital is Helsinki. Finland is known for its stunning natural beauty, innovative technology and high quality of life. It is also known for its unique sauna culture and for being the home of Santa Claus. Finland has a strong economy driven by its highly educated and skilled workforce. Its major industries include information technology, forest products and metals. Finland is also recognized for its commitment to sustainability and environmental protection. The country is a leader in renewable energy and has set ambitious targets for carbon neutrality by 2035. Finland is also known for its progressive social policies including universal healthcare and education and a generous social welfare system.

**Directory of Distance Learning Opportunities** Modoc Press, Inc., 2003-02-28 This book provides an overview of current K-12 courses and programs offered in the United States as correspondence study or via such electronic delivery systems as satellite cable or the Internet. The Directory includes over 6,000 courses offered by 154 institutions or distance learning consortium members. Following an introduction that describes existing practices and delivery methods, the Directory offers three indexes: Subject Index, Courses Offered by Level, Course Level Index, Geographic Index. All information was supplied by the institutions. Entries include current contact information, a description of the institution and the courses offered, grade level and admission information, tuition and fee information, enrollment periods, delivery information, equipment requirements, credit and grading information, library services and accreditation.

**Fear and Schooling** Ronald W. Evans, 2019-09-23 By exploring the tensions, impacts and origins of major controversies relating to schooling and curricula since the early twentieth century, this insightful text illustrates how fear has played a key role in steering the development of education in the United States. Through rigorous historical investigation, Evans demonstrates how numerous public disputes over specific curricular content have been driven by broader societal hopes and fears. Illustrating how the population's concerns have been historically projected onto American schooling, the text posits educational debate and controversy as a means by which we struggle over changing anxieties and competing visions of the

future and in doing so limit influence of key progressive initiatives Episodes examined include the Rugg textbook controversy the 1950s crisis over progressive education the MACOS dispute conservative restoration culture war battles and corporate school reform In examining specific periods of intense controversy and drawing on previously untapped archival sources the author identifies patterns and discontinuities and explains the origins development and results of each case Ultimately this volume powerfully reveals the danger that fear based controversies pose to hopes for democratic education This informative and insightful text will be of interest to graduate and postgraduate students researchers and academics in the fields of educational reform history of education curriculum studies and sociology of education
