Social Issues Before the Court Darryl L. Webb, 1974 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1977 A Practical Approach to Landlord and Tenant Simon Garner, Alexandra Frith, 2017

The A Practical Approach series is the perfect partner for practice work. Each title focuses on one field of the law providing a comprehensive overview of the subject together with clear practical advice and tips on issues likely to arise in practice. The books are also an excellent resource for those new to the law where the expert overview and clear layout promote clarity and ease of understanding. Now in its eighth edition, *A Practical Approach to Landlord and Tenant* continues to provide a comprehensive and systematic guide to the particularly complex principles and practice of landlord and tenant law. Condensing the case law and statutory codes into one manageable volume, this book provides a valuable user-friendly introduction for lawyers and students alike. The authors explain the fundamentals of landlord and tenant law providing a broad coverage from creating a tenancy through to termination. Offering extensive treatment of both the common law and statutory codes, this book provides detailed analysis of areas such as leases, tenancy assignment and subletting, agricultural holdings, business tenancies and eviction. The eighth edition has been comprehensively updated to cover all recent developments in landlord and tenant law. It considers the requirements on landlords defined in the Deregulation Act 2015 as well as the developments on the seizing of tenant's assets as contained in the Commercial Rent Arrears Recovery Procedure (CRAR) 2014. This edition provides an overview of the effect that the provisions of the Immigration Act 2016 and the Housing and Planning Act 2016 will have on residential tenancies in England. It also reflects on the impact of new case law such as the advances in the tenancy deposit protection scheme as well as changes to business and assured tenancies. Very much a practical guide, this title makes frequent use of examples, checklists, forms and precedents specifically designed to assist the busy professional and student. *A Practical Approach to Landlord and Tenant* is an indispensable resource for those working in this field.

Heuristics and the Law Gerd Gigerenzer, Christoph Engel, 2006-08-11

Experts in law, psychology and economics explore the power of fast and frugal heuristics in the creation and implementation of law. In recent decades, the economists' concept of rational choice has dominated legal reasoning. And yet, in practical terms, neither the lawbreakers, the law addresses nor officers of the law behave as the hyper-rational beings postulated by rational choice. Critics of rational choice and believers in fast and frugal heuristics propose another approach using certain formulations or general principles, heuristics, to help navigate in an environment that is not a well-ordered setting with an occasional disturbance as described in the language of rational choice but instead is fundamentally uncertain or characterized by an unmanageable degree of complexity. This is the intuition behind behavioral law and economics. In *Heuristics and the Law*, experts in law, psychology and economics explore the conceptual and practical power of the heuristics approach in law. They discuss legal theory, modeling and predicting the problems the law purports to solve, the process of making law in the legislature or in the

courtroom the application of existing law in the courts particularly regarding the law of evidence and implementation of the law and the impact of law on behavior Contributors Ronald J Allen Hal R Arkes Peter Ayton Susanne Baer Martin Beckenkamp Robert Cooter Leda Cosmides Mandeep K Dhami Robert C Ellickson Christoph Engel Richard A Epstein Wolfgang Fikentscher Axel Flessner Robert H Frank Bruno S Frey Gerd Gigerenzer Paul W Glimcher Daniel G Goldstein Chris Guthrie Jonathan Haidt Reid Hastie Ralph Hertwig Eric J Johnson Jonathan J Koehler Russell Korobkin Stephanie Kurzenh user Douglas A Kysar Donald C Langevoort Richard Lempert Stefan Magen Callia Piperides Jeffrey J Rachlinski Clara Sattler de Sousa e Brito Joachim Schulz Victoria A Shaffer Indra Spiecker genannt D hmann John Tooby Gerhard Wagner Elke U Weber Bernd Wittenbrink

Facts in Public Law Adjudication Joe

Tomlinson,Anne Carter,2023-10-19 This book explores critical issues about how courts engage with questions of fact in public law adjudication Although the topic of judicial review the mechanism through which individuals can challenge governmental action continues to generate sustained interest amongst constitutional and administrative lawyers there has been little attention given to questions of fact This is so despite such determinations of fact often being hugely important to the outcomes and impacts of public law adjudication The book brings together scholars from across the common law world to identify and explore contested issues common challenges and gaps in understanding The various chapters consider where facts arise in constitutional and administrative law proceedings the role of the courts and the types of evidence that might assist courts in determining legal issues that are underpinned by complex and contested social or policy questions The book also considers whether the existing laws and practices surrounding evidence are sufficient and how other disciplines might assist the courts The book reconnects the key practical issues surrounding evidence and facts with the lively academic debate on judicial review in the common law world it therefore contributes to an emerging area of scholarly debate and also has practical implications for the conduct of litigation and government policy making
