Alwin, Diane H. Felmlee, Derek A. Kreager, 2018-03-06 This volume engages the interface between the development of human lives and social relational networks It focuses on the integration of two subfields of sociology social science the life course and social networks Research practitioners studying social networks typically focus on social structure or social organization ignoring the complex lives of the people in those networks At the same time life course researchers tend to focus on individual lives without necessarily studying the contexts of social relationships in which lives are embedded and linked to one another through social networks These patterns are changing and this book creates an audience of researchers who will better integrate the two subfields It covers the role of social networks across the life span from childhood and adolescence to midlife through old age [Social Sciences in Health Care and Medicine](#) Janet B. Garner, Thelma C. Christiansen, 2008 Health care and medicine are dependent upon a close interaction with social sciences and professions in order to effectively treat patients Although medicines have becoming more and more targeted in recent times it is the recovery of the patient which is the true test of the system whether it be in a hospital setting or within a daily societal setting Such interactions may be psychological or interactions with social organisations essential to phase the patient back into society This book presents new issues experiences and research in the field from around the globe

Columbia Studies in the Social Sciences ,1928 Social Studies Review ,1997 *Friendship and Happiness*

Melikşah Demir,2015-04-09 This is the first book that explicitly focuses on the relationships between various types of friendship experiences and happiness It addresses historical theoretical and measurement issues in the study of friendship and happiness e g why friends are important for happiness In order to achieve a balanced evaluation of this area as a whole many chapters in the book conclude with a critical appraisal of what is known about the role of friendship in happiness and provide important directions for future research Experts from different parts of the world provide in depth authoritative reviews on the association between different types of friendship experiences e g friendship quantity quality and happiness in different age groups and cultures An ideal resource for researchers and students of positive psychology this rich clear and up to date book serves as an important reference for academicians in related fields of psychology such as cross cultural developmental and social

State-Building in Kazakhstan Dina Sharipova,2018-07-05 This book challenges the conventional wisdom that informal institutions networks clientelism and connections have to disappear in modern societies due to liberalization of the economy rapid urbanization and industrialization The case of Kazakhstan shows that informal reciprocal institutions continue to play an important role in people s everyday lives Liberalization of the economy and state retrenchment from the social sphere decreased the provision of public goods and social support to the population in the post independence period Limited access to state benefits has in turn stimulated people s engagement in informal reciprocal relations The author investigates informal channels and mechanisms people use to gain access to quality public goods education housing and healthcare Comparing the Soviet and post Soviet periods the author shows that people are more likely to rely on family networks and clientelist relations rather than on help from the state to obtain scarce resources The book provides an important contribution to the literature on informal institutions and explains the relationship between a formal welfare state and informal reciprocity
