Aging and Money Ronan M. Factora, 2014-09-09 Increasingly we hear of more and more elders falling victim to financial exploitation Although this form of elder abuse has been recognized for years its incidence prevalence and impact on the common individual has been only more recently brought to the spotlight Despite these circumstances recognition of risk factors and indicators of financial exploitation are not widely disseminated Additionally once situations are identified and confronted the knowledge of what to do next is lacking These gaps are present within the medical community law enforcement and the finance community areas where opportunities for recognition and intervention are common Our elders often have no idea of what to do when they see their own risk or when they fall victim

Aging and Money Reducing Risk of Financial Exploitation and Protecting Financial Resources helps clinicians to integrate identification of such indicators of abuse into their geriatric assessment as well as guide them in performing an assessment of an individuals financial decision making capacity when appropriate

Aging and Money Reducing Risk of Financial Exploitation and Protecting Financial Resources is an essential new text that provides the practicing clinician with information on identifying risk factors and clinical clues associated with

financial exploitation and how to incorporate these steps into their practice Departments of Labor, and Health, Education and Welfare, and Related Agencies Appropriations United States. Congress. Senate. Committee on Appropriations,1961

Professional Discretion in Welfare Services Tony Evans,2016-04-15 Discretion has re emerged as an issue of central importance for welfare professionals over the last two decades in the face of an intensification of management culture across the public sector This book presents an innovative framework for the analysis of discretion offering three accounts of the managerial role the domination model the street level model and the author s alternative discursive perspective These different regimes of discretion are examined through a case study within a social services department comparing and contrasting social work discretion in an Older Persons Team and a Mental Health Team This innovative theoretical and empirical analysis will be of great interest to postgraduate students and researchers in social work and related disciplines including social policy public administration and organizational studies as well as professionals in social work health and education

Drama of Democracy Lisa Björkman,2025-09-02 The performative arts of political communication and representation in Mumbai In an era of global political passions many have wondered whether some sort of natural affinity exists between political style and substance Does liberal democracy speak the language of rationality and sincerity while political emotion imagery and embodiment properly belong to authoritarianism Taking an ethnographic approach to the relationship between political form and political content Drama of Democracy explores the material substance of representations things like heady crowds and rousing images together with language based forms of political communication such as public oration and community meetings Drawing on a decade of research in the city of Mumbai Lisa Bj rkman shows that embodied performance is the very site and substance of representation and demonstrates how Mumbaikars evaluate performative bids

to represent The ethnographic accounts demonstrate the extraordinary fluency in this evaluative work in Mumbai where people from all walks of life are remarkably astute at navigating and assessing political signs and representations endlessly discussing and debating possible meanings of the city's dense material semiotic ecologies whether words or images cash or crowds flyers or flowers In Mumbai Bjorkman argues the evaluative criterion of representation is not whether something is sign or substance or even whether people are deemed to utter truths or falsehoods Rather what matters is whether and how a performance activates and actuates the social relations and political subjectivities that it professes to display Drama of Democracy highlights Mumbaikars communicative fluency and theatrical acumen to offer a conceptual toolbox through which contemporary political churnings around the globe might be understood *The Psychological Clinic*, 1912 Vols 1-12 include section Reviews and criticism *Money and Schools* David C. Thompson, Faith E. Crampton, R. Craig Wood, 2012 In the new edition of this essential all-inclusive text the authors provide more important research for future principals and others enrolled in graduate level school finance courses Written in a style that is highly readable the book offers strong connections to real world experiences Readers get both a broad overview of funding concepts and a detailed examination of daily funding operations and will come away with a deep understanding of the relationship between money and student achievement New to this edition Current research on the impact of money on student learning outcomes New concepts that are gaining traction such as sustainability Current web resources and recommended reading **Labor-Health, Education, and Welfare Appropriations for 1962** United States.
