

Prisons beyond the New Penology: The Shifting Moral Foundations of Prison Management

Alison Lieblich and Ben Crewe

The present state of our prisons, blighted by age, severe overcrowding, insanitary conditions and painfully slow progress in modernization makes it necessary to consider urgent new ways of dealing with these problems which at present seem almost insoluble.

(Home Affairs Committee, 1987: 1)

INTRODUCTION

The sociological study of prisons began with the prisoner community (Clemmer, 1940; Sykes, 1958), has unevenly included the study of prison officers (see, Toch, 1978; Lieblich and Price, 2001; Crawley, 2004) but has rarely included senior managers (for the best exceptions, see Jacobs, 1977; also Riveland, 1999, on prison management trends in the USA).¹ In some respects, it is understandable that there has been so little close empirical study of prison managers – access

is difficult, and as power-holders, senior managers appeal less to critical scholars than prisoners do. But it is unfortunate that we know so little about the professional orientations of senior prison practitioners. As translators and transmitters of penal policy, they shape what goes on in prison. They are also indicative of wider shifts in the terms of prison governance. Important transformations have taken place in the organization, management and purpose of prisons in the last few decades, and in the social and philosophical orientations of prison managers. These transformations can be detected in the experience of the prisoner and the prison officer.²

The version of managerialism seen to emerge in criminal justice during the late 1980s and onwards was described by Feeley and Simon (1992) as ‘the new penology’: an emerging strategy of corrections having negative ideological effects on practitioners via new

Prison Movies Kevin Kehrwald, 2017-02-14 *Prison Movies Cinema Behind Bars* traces the public fascination with incarceration from the silent era to the present Often considered an offshoot of the gangster film the prison film precedes the gangster film and is in many ways its opposite Rather than focusing on tragic figures heading for a fall the prison film focuses on fallen characters seeking redemption The gangster's perverse pursuit of the American dream is irrelevant to the prisoner for whom that dream has already failed At their core prison films are about self preservation at the hands of oppressive authority Like history itself prison films display long stretches of idleness punctuated by eruptions of violence dangerous moments that signify liberation and the potential for change The enclosed world of the prison is a highly effective microcosm one that forces characters and audiences alike to confront vexing issues of race class gender and sexuality These portrayals of men and women behind bars have thrived because they deal with such fundamental human themes as freedom individuality power justice and mercy Films examined include *The Big House* 1930 *I Want to Live* 1958 *The Defiant Ones* 1958 *Cool Hand Luke* 1967 *Midnight Express* 1978 *Escape from Alcatraz* 1979 *The Shawshank Redemption* 1994 and *Starred Up* 2013 **Society and Prisons** Thomas Mott Osborne, 2017-11-16 Excerpt from *Society and Prisons Some Suggestions for a New Penology* Feeling as I have long felt that citizenship has no responsibility greater or more pressing than the state prison I gladly accepted the distinguished honor conferred upon me by the President and Fellows of Yale I have a double gratification in doing so First because I knew personally and highly esteemed Mr Dodge having sat by his side as a delegate

to the Sound Money Conferences at Indianapolis in 1897 8 and secondly because the honor is not altogether a personal one but is bestowed through the lecturer upon Yale's great sister University I should hardly be human if I did not indulge in a considerable measure of pride in being the first graduate of Harvard to be accorded the very great privilege of giving the Dodge Lectures

Murphy, 2010-08-06 In a 1907 lecture to Harvard undergraduates Theodore Roosevelt claimed that colleges should never turn out mollicoddles instead of vigorous men warning that the weakling and the coward are out of place in a strong and free community A paradigm of ineffectuality and weakness the mollicoddle was all inner life whereas his opposite the red blood was a man of action Kevin P. Murphy reveals how the popular ideals of American masculinity coalesced around these two distinct categories Because of its similarity to the emergent homosexual type the mollicoddle became a powerful rhetorical figure often used to marginalize and stigmatize certain political actors Murphy's history follows the redefinition of manhood across a variety of classes especially in the work of late nineteenth century reformers who trumpeted the virility of the laboring classes Challenging the characterization of the relationship between political machines and social and municipal reformers at the turn of the twentieth century he revolutionizes our understanding of the gendered and sexual meanings attached to political and ideological positions of the Progressive Era The British Journal of Inebriety, 1918 Contains papers read at the quarterly meetings of the society and extracts from the discussions following them with other communications dealing with alcohol and alcoholism **Index-catalogue of the Library of the Surgeon-General's Office, United States Army** National Library of Medicine (U.S.), 1929 **New Catholic World**, 1917 **Catholic World**, 1917 **Bulletin of the Rosenberg Library** Rosenberg Library, 1920 **Library Bulletin of the University of St. Andrews** University of St. Andrews, 1923 **Whips to Walls** Rodney Watterson, 2014-03-15 The abolishment of flogging in 1850 started the U S Navy on a quest for a prison system that culminated with the opening of Portsmouth Naval Prison in 1908 During World War I that prison became the center of the Navy's attempt to reform what many considered outdated means of punishment Driven by Progressive Era
