Socioeconomic Analysis Of The Weaker Sections

David Kirk

Socioeconomic Analysis Of The Weaker Sections:

Affirmative Action for Economically Weaker Sections and Upper-Castes in Indian Constitutional Law Asang Wankhede, 2022-09-30 This book examines the controversial 103rd Constitutional Amendment to the Indian Constitution that introduced an income and asset ownership based new constitutional standard for determining backwardness marking a significant shift in the government's social and public policy. It also analyses state level policies towards backwardness recognition of upper caste dominant groups through case studies of Maharashtra, Haryana and Gujarat. It provides an analytical and descriptive account of the proliferation of reservation policy in India and critiques these interventions to assess their implication on constitutional jurisprudence. Further, it assesses the theoretical and empirical challenges such developments pose to the principle of substantive equality and scope of affirmative action policies in Indian constitutional law and general discrimination law theory. The monograph shows how opening up of reservations for dominant upper caste groups and general category will have implications for the constitutional commitment to addressing deeply entrenched marginalisation emanating from the traditional social hierarchy and the understanding of substantive equality in Indian Constitutional law. Further, it highlights key contradictions, incoherence and internal tension in the design of the reservations for Economically Weaker Sections. Critical, comprehensive and cogently argued, this book will contribute and shape ongoing constitutional policy and judicial debates. It will be of great interest to scholars and researchers of law, Indian politics, affirmative action, social policy and public policy.

Socio - Economic Analysis of Handloom Industry in Andhra Pradesh Dr. Srinivasa Rao Kasisomayajula, **Socio-Economic Impact Study with Concurrent Evaluation on Agriculture/Horticulture based Schemes** Subhrabaran Das, 2023-07-26 Among the 17 Sustainable Development Goals (SDGs), SDG 1 envisages end of poverty in all its forms everywhere and SDG 2 envisages zero hunger and achieve food security and improved nutrition and promote sustainable agriculture. In order to achieve the SDGs 1 and 2, Govt of India has launched different agricultural and horticultural schemes to protect the loss of farmers. These schemes are implemented in the states of India with the initiatives of the state governments. The book is highlighted on the socio-economic impact study with concurrent evaluation on Agriculture/Horticulture based Schemes implemented in the state Tripura. The book is focused mainly on two aspects viz evaluation of the agriculture and horticulture based schemes and impact of the schemes on the socio-economic life of the tribal farmers. The basic objectives of this book are to assess whether the tribal farmers are benefitted or not from the different schemes implemented by the government and to assess the impact of these schemes in order to improve the socio-economic condition of the tribal farmers. In addition to this, productivity of the different agriculture/horticulture production produced by the tribal beneficiaries is examined and socio-economic problems faced by the rural tribal people are investigated. The book is expected to be valuable to the policy maker for taking the appropriate policy decisions further and it would be a benchmark to the researchers who will work on the tribal issues and agriculture.
