*Utilitarianism, Hedonism, and Desert* Fred Feldman,1997-08-13 Fred Feldman is an important philosopher who has made a substantial contribution to utilitarian moral philosophy This collection of ten previously published essays plus a new introductory essay reveal the striking originality and unity of his views Feldman s version of utilitarianism differs from

traditional forms in that it evaluates behaviour by appeal to the values of accessible worlds These worlds are in turn evaluated in terms of the amounts of pleasure they contain but the conception of pleasure involved is a novel one and the formulation of hedonism improved In Feldman s view pleasure is not a feeling but a propositional attitude He also deals with problems of justice that affect standard forms of utilitarianism The collection is ideally suited for courses on contemporary utilitarian theory     **The Publishers Weekly** ,1917     *Our friend the dog, a complete practical guide* Gordon Stables,1895
