Sparke,2020-01-01 The story of how plants and flowers have shaped interior design for over 200 years From ferns in 19th
century British parlors to contemporary living walls in commercial spaces plants and flowers have long been incorporated
into the design of public and private spaces Spanning two centuries Nature Inside explores the history and popularity of
indoor plants revealing the close relationship between architecture interior design and nature Studying the international
modern interior through the lens of plants in the human environment author Penny Sparke attributes a degree of the interest
in indoor plants to urbanization and more recently the climate crisis which serve as ongoing reminders that people must
maintain a connection to and respect for the natural world While architectural and interior design styles have evolved
alongside the popularity of various plant species the human need to bring nature indoors has remained constant **The**
