The Complete Short Fiction Of Joseph Conrad 2 Vols:

Joseph Conrad, the complete short fiction, Volume 2 Joseph Conrad,1992 *Collected Shorter Fiction of Leo Tolstoy, Volume II* Leo Tolstoy, 2001-08-07 Ranging in scope from lengthy novellas to fables and folktales only a few pages long Leo Tolstoy s short fiction provides a marvelous opportunity to become closely acquainted with Russia s great novelist Volume 2 of the Collected Shorter Fiction reveals how Tolstoy s growing spiritual preoccupations flowered into a series of extraordinary late masterpieces that equal anything in the earlier novels for intensity and power Readers of The Death of Iv n Il ch The Kreutzer Sonata Father Sergius Master and Man and Hadji Mur d will recognize the brilliant novelist now transfigured by his passionate quest for salvation and forgiveness Aylmer and Louise Maude s classic translations are supplemented by new translations by Nigel J Cooper of six stories including two that have never before appeared in English

The Complete Short Novels of Anton Chekhov Anton Chekhov, 2004-08-03 Anton Chekhov widely hailed as the supreme master of the short story also wrote five works long enough to be called short novels here brought together in one volume for the first time in a masterly new translation by the award winning translators Richard Pevear and Larissa Volokhonsky The Steppe the most lyrical of the five is an account of a nine year old boy s frightening journey by wagon train across the steppe of southern Russia The Duel sets two decadent figures a fanatical rationalist and a man of literary sensibility on a collision course that ends in a series of surprising reversals In The Story of an Unknown Man a political radical spying on an important official by serving as valet to his son gradually discovers that his own terminal illness has changed his long held priorities in startling ways Three Years recounts a complex series of ironies in the personal life of a rich but passive Moscow merchant In My Life a man renounces wealth and social position for a life of manual labor The resulting conflict between the moral simplicity of his ideals and the complex realities of human nature culminates in a brief apocalyptic vision that is unique in Chekhov s work The British Short Story Emma Liggins, Andrew Maunder, Ruth Robbins, 2017-09-16 The short story remains a crucial if neglected part of British literary heritage This accessible and up to date critical overview maps out the main strands and figures that shaped the British short story and novella from the 1850s to the present It offers new readings of both classic and forgotten texts in a clear jargon free way The Complete Short Fiction of Joseph Conrad: The stories Joseph Conrad, 1991 Collects Conrad's short stories and tales with a chronology and the author's own notes on his shorter fiction Collected Short Fiction of V. S. Naipaul V. S. Naipaul, 2011-04-12 For the first time the Nobel Prize winning author's stunning short fiction collected in one volume with an introduction by the author Naipaul is the world's writer a master of language and perception The New York Times Book Review Over the course of his distinguished career V S Naipaul has written a remarkable array of short fiction that moves from Trinidad to London to Africa Here are the stories from his Somerset Maugham Award winning Miguel Street in which he takes us into a derelict corner of Trinidad's capital to meet among others Man Man who goes from running for public office to staging his own crucifixion The

tales in A Flag on the Island meanwhile roam from a Chinese bakery in Trinidad to a rooming house in London And in the celebrated title story from the Booker Prize winning In a Free State an English couple traveling in an unnamed African country discover under a veneer of civilization a landscape of squalor and ethnic bloodletting No writer has rendered our postcolonial world more acutely or prophetically than V S Naipaul or given its upheavals such a hauntingly human face

The Cambridge Companion to the English Short Story Ann-Marie Einhaus, 2016-06-06 This Companion provides an accessible overview of short fiction by writers from England Scotland Ireland Wales and other international sites A collection of international experts examine the development of the short story in a variety of contexts from the early nineteenth century to the present They consider how dramatic changes in the publishing landscape during this period such as the rise of the fiction magazine and the emergence of new opportunities in online and electronic publishing influenced the form covering subgenres from detective fiction to flash fiction Drawing on a wealth of critical scholarship to place the short story in the English literary tradition this volume will be an invaluable guide for students of the short story in English East and Nineteenth-Century British Literature T. McLean, 2011-11-30 The Polish exile and the Russian villain were familiar figures in nineteenth century British culture This book restores the significance of Eastern Europe to nineteenth century British literature offering new readings of Blake's Europe Byron's Mazeppa and Eliot's Middlemarch and recovering influential works by Thomas Campbell and Jane Porter The Complete Short Stories of Mark Twain Mark Twain, 2005-09-27 A sparkling anothology of sixty stories covering the entire span of Mark Twain s inimitable yarn spinning from his early broad comedy to the biting satire of his later years For deft plotting riotous inventiveness unforgettable characters and language that brilliantly captures the lively rhythms of American speech no American writer comes close to Mark Twain Every one of his sixty stories is here ranging from the frontier humor of The Celebrated Jumping Frog of Calaveras County to the bitter vision of humankind in The Man That Corrupted Hadleyburg to the delightful hilarity of Is He Living or Is He Dead Surging with Twain s ebullient wit and penetrating insight into the follies of human nature this volume is a vibrant summation of the career of in the words of H L Mencken the father of our national literature The Short Story Andrew Kahn, 2021-12-09 What defines a modern short story is much more than a question of length Despite the efforts of early pioneers like Edgar Allan Poe the genre was originally synonymous with the anecdote or tale and seen more as entertainment than art However it has become far more than that and this Very Short Introduction considers afresh the form s ongoing innovations in plot construction capacity for psychological insight and ability to offer intensely concentrated perceptions This book charts the rise of the short story from its original appearance in magazines and newspapers largely in the United States and Great Britain For much of the nineteenth century tales were written for the press and the form s history is marked by engagement with popular fiction From the later nineteenth century the short story earned a reputation for its skillful use of plot design and character study distinct from the novel After the First World War it found outlets in high

brow publications and single author collections as well as anthologies were regularly published Exploring the form s techniques and themes Andrew Kahn considers the continuity and variation in key structures and techniques such as the beginning the creation of voice the ironic turn or plot twist and how writers manage endings Throughout he draws on examples from an international and flourishing corpus of work with close analysis of classic and lesser known stories by American Canadian Irish Australian Russian and French masters such as James Baldwin Grace Paley Alice Munro Elizabeth Taylor William Trevor Helen Garner Chekhov and Guy de Maupassant Very Short Introductions Brilliant Sharp Inspiring ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Penguin Book of First World War Stories Ann-Marie Einhaus, Barbara Korte, 2007-10-25 An anthology of Great War short stories by British writers both famous and lesser known authors men and women during the war and after its end These stories are able to illustrate the impact of the Great War on British society and culture and the many modes in which short fiction contributed to the war s literature The selection covers different periods the war years themselves the famous boom years of the late 1920s to the more recent past in which the First World War has received new cultural interest The Inheritors Joseph Conrad, Ford Madox Ford, 1999 This novel one of two collaborations between Joseph Conrad and Ford Madox Ford is one of the earliest to be concerned with modern mechanical culture and as such foreshadowed other writers such as George Orwell and Aldous Huxley Symbolising the collapse of old treasured political values at the turn of the century and underlining the urgency of renovation the novel involves the unrequited love for a young woman of Arthur Granger an aristocratic and unsuccessful novelist Granger betrays the ideals on which he prides himself for this woman a nameless ethereal and goddess like agent from a strange world The collaboration between Joseph Conrad and Ford Madox Ford influenced their own independent work and in the words of Ezra Pound What Flaubert had done to change French prose Conrad and Ford did to transform English prose Touché John Leigh, 2015-06-08 Many of the West's best writers fought in duels or wrote about them seduced by glamour or risk or recklessness A gift as a plot device the duel also offered a way to discover how we face fears of humiliation pain and death John Leigh's literary history of the duel illuminates these and other tensions attending the birth of the modern world The Valley of the Moon Jack London, 1914 *Words and Images on the* Screen Ágnes Pethő, 2009-03-26 The screen has never been merely a canvas for the images to be displayed but also to quote Jean Luc Godard a blank page a surface for inscriptions and a stage for all kinds of linguistic occurrences be their audible or visual Word did not come into the world of cinema at the time of the talkies but has been a primordial medial companion that has shaped the cinematic experience from its very beginnings This volume offers a collection of essays that question the role of words and images in the context of moving pictures covering a wide area of their interconnectedness How can we analyse

literary adaptations What is the role of adaptations in the evolution of specific national cinemas In what way are written texts used in films Is the model of the word and image relations used in silent films still applicable today What major paradigms can be discerned within the multiplicity of ways Jean Luc Godard's cinema plays with words and images Are these models of modernist or postmodern cinema reflected in films of other directors like R W Fassbinder How do avant garde works deal with the word and image debate What are the connections of animation or computer games with verbal text and narrative What is the phenomenon of jet setting and how does it connect to the ideological implications of the relations between the culture of books and films What happens when Hamlet is completely rewritten reflecting the ideology of late capitalism What happens from the point of view of literariness or rejection of literariness when films are made vehicles of national propaganda How do words get mediated through images These are some of the questions addressed in the present volume by in depth case studies of cinematic intermediality or more general surveys regarding cinema s long lasting liaisons with language or literature Conrad: Almayer's Folly to Under Western Eyes Daniel R Schwarz, 1980-11-11 It Happened in Egypt Charles Norris Williamson, Alice Muriel (Livingston) Williamson, 1914 **Literature of Travel and Exploration** Jennifer Speake, 2014-05-12 Containing more than 600 entries this valuable resource presents all aspects of travel writing There are entries on places and routes Afghanistan Black Sea Egypt Gobi Desert Hawaii Himalayas Italy Northwest Passage Samarkand Silk Route Timbuktu writers Isabella Bird Ibn Battuta Bruce Chatwin Gustave Flaubert Mary Kingsley Walter Ralegh Wilfrid Thesiger methods of transport and types of journey balloon camel grand tour hunting and big game expeditions pilgrimage space travel and exploration genres buccaneer narratives guidebooks New World chronicles postcards companies and societies East India Company Royal Geographical Society Society of Dilettanti and issues and themes censorship exile orientalism and tourism For a full list of entries and contributors a generous selection of sample entries and more visit the Literature of Travel and Exploration An Encyclopedia website Unto Caesar Baroness Emmuska Orczy Orczy,1914 Works Henry Rider Haggard, 1914
