**The Concise Illustrated Book of Fighters of World War II** D. Avery, 1989      Encyclopedia of World War II Alan Axelrod, 2007 A reference to the ideological military political biographical and social topics surrounding World War II which is often considered the pivotal event of the twentieth century      Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II      *The Western European and Mediterranean Theaters in World War II* Donal Sexton, 2011-10-06 The Western European and Mediterranean Theaters in World War II is a concise comprehensive guide for students teachers and history buffs of the Second World War With an emphasis on the American forces in these theaters each entry is accompanied by a brief annotation that will allow researchers to navigate through the vast amount of literature on the campaigns fought in these regions with ease Focusing on all aspects surrounding the U S involvement in the Western European and Mediterranean theaters including politics religion biography strategy intelligence and operations this bibliography will be a welcome addition to the collection of any academic or research library Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian      Flattop Fighting in World War II Patrick Degan, 2015-09-11 World War II s naval battles between the United States and Japan have been the subject of many books popular movies and documentaries but the very important story of the fighting between United States and

Japanese aircraft carriers is often lost in broader discussions of the Pacific naval war This work concentrates exclusively on the fighting between the American and Japanese aircraft carriers examining how strategies were planned and carried out on both sides Presented are the stories of the USS Hornet which launched the B 25s of James Doolittle s daring raid of Tokyo in 1942 the USS Yorktown which suffered fierce attacks during the Battle of Midway the USS Lexington which refueled and rearmed Hellcats during the Great Marianas Turkey Shoot the USS Enterprise the leader of a motley assortment of cruisers and destroyers left to hold a very precarious line in the campaign for Guadalcanal and the Japanese battleship Yamato sacrificed for a suicide mission against 900 aircraft bombers     Dictionary of American Naval Fighting Ships ,1970

Beach written by historian and retired Army Colonel Donald W Boose Jr is the definitive history of the extensive but little known US Army amphibious operations during the Korean War 1950-1953 Building on its extensive experience in World War II the Army conducted three major landing operations during the war including the assault at Inchon in September 1950 After the massive Chinese attacks two months later the Army executed a series of amphibious withdrawals as it fell back to more defensible positions farther down the peninsula Throughout the war the Army also conducted a number of massive and complex over the shore logistical operations as well as several amphibious special operations along the Korean littoral Colonel Boose's work commissioned by DAMO ODG Operations and Technology Office provides the historical context for any subsequent amphibious operations on the Korean peninsula As such this thought provoking study may provide insights to modern planners crafting future joint or combined operations in that part of the world Publisher's Description *United States Army Combat Forces Journal*, 1951

**Powering the Luftwaffe** Jason R. Wisniewski, 2013-04 Aviation technology progressed by leaps and bounds during the late 1930s and early 1940s Although much of this was due to advances in airframe design much less appreciated is the role of aero engine development This book focuses on this aspect particularly German piston aero engine design and development which has been generally under researched and under published compared to Allied piston aero engines It covers key piston aero engines such as those produced by Daimler Benz BMW and Junkers as well as less well appreciated engines such as those produced by Siemens Argus and Hirth It also covers turbojets and rockets particularly the Junkers Jumo 004 and Walter 109 509 that powered the infamous Messerschmitt Me 262 and Me 163 jet and rocket fighters Finally the book concludes with tables comparing Allied and German piston engines a glossary of key terms and a bibliography *The Publishers' Trade List Annual*, 1918
