Transformations Of The Confucian Way John Berthrong, 2018-10-08 From its beginnings Confucianism has vibrantly taught that each person is able to find the Way individually in service to the community and the world John Berthrong's comprehensive new work tells the story of the grand intellectual development of the Confucian tradition revealing all the historical phases of Confucianism and opening the reader's eyes to the often neglected gifts of scholars of the Han Tang and the modern periods as well as to the vast contributions of Korea and Japan The author concludes his revelatory study with an examination of the contemporary renewal of the Confucian Way in East Asia and its spread to the West **Order and**

Transcendence, 2021-12-06 *Visions of Marriage* Hsiao-Chiao Chiu, 2023-07-14 Grounded in multi generational stories from Kinmen in Taiwan Visions of Marriage explores the historical entanglements between the pursuit of new personal and national futures Focusing on the relational and future making aspects of marriage the ethnography highlights the intersection of transformations across familial generations and shifting political economies in Taiwan and more globally

Zhang, 1999-05-19 Wei Bin Zhang offers an authoritative guide to the philosophy of Confucianism and its impact in the Confucian regions covering mainland China Taiwan Hong Kong Macao Japan South Korea North Korea Vietnam and Singapore All except Singapore employed Confucianism as the state ideology before the West came to East Asia The differences and similarities between the variety of Confucian schools are examined The author concludes that the philosophical and ethical principles of Confucianism will assist in the industrialization and democratization of the region The Religious Dimensions of Confucianism Rodney Leon Taylor, 1990-01-01 The role of Confucianism in the development of East Asian Cultures has only recently begun to be fully appreciated Even with this recognition there is still little understanding of the tradition as a religious tradition This book presents Confucianism as a religious tradition In no other book has there been a sustained presentation of the many and varied religious dimensions of the tradition From publisher description **Religious Perspectives on Social Responsibility in Health** Joseph Tham, Chris Durante, Alberto García Gómez, 2018-04-26 This book discusses the meaning and implications of the social and ethical implications of the notion of social responsibility in healthcare in six major world religions Buddhism Christianity Confucianism Hinduism Islam Judaism This collection of papers is based on a four day workshop where bioethics experts from various religious traditions gathered They discussed the ways in which their respective traditions could or could not uphold the tenets of Article 14 of UNESCO's Universal Declaration of Bioethics and Human Rights The different papers presented in this book are based on this interchange of ideas at the workshop The book explores the potential points of convergence among the various perspectives presented as well as a discussion on the ways in which their moral differences may be managed The managing of these moral differences through international socio ethical mechanisms contributes significantly to the UNESCO Universal Declaration of Bioethics and Human Rights goal of simultaneously respecting religious cultural pluralism while upholding a commitment to human rights *Dao Companion to Korean Confucian Philosophy* Young-chan Ro, 2019-08-20 This volume is the first comprehensive and in depth discussion written in English of the Confucian tradition in the context of the intellectual history of Korea It deals with the historical social political philosophical and spiritual dimensions of Korean Confucianism arguably the most influential intellectual tradition ethical and religious practice and political ideological system in Korea This volume analyzes the unique aspects of the Korean development of the Confucian tradition by examining the role of Confucianism as the ruling ideology of the Choson Dynasty 1302-1910 It investigates Confucianism's social and cultural construction and intellectual foundation in highlighting the Korean achievement of the Neo Confucian discussion on human nature and its principle in light of the Chinese Neo Confucian development The volume also surveys the most influential Korean Confucian scholars discussing their

The Confucian Transformation of Korea Martina Deuchler, 2020-10-26 Legislation to change Korean society along Confucian lines began at the founding of the Chos n dynasty in 1392 and had apparently achieved its purpose by the mid seventeenth century Until this important new study however the nature of Kory society the stresses induced by the new legislation and society s resistance to the Neo Confucian changes imposed by the Chos n elite have remained largely unexplored To explain which aspects of life in Kory came under attack and why Martina Deuchler draws on social anthropology to examine ancestor worship mourning inheritance marriage the position of women and the formation of descent groups To examine how Neo Confucian ideology could become an effective instrument for altering basic aspects of Kory life she traces shifts in political and social power as well as the cumulative effect of changes over time What emerges is a subtle analysis of Chos n Korean social and ideological history

Religion and Ecological Sustainability in China James Miller, Dan Smyer Yu, Peter van der Veer, 2014-04-29 This book sheds light on the social imagination of nature and environment in contemporary China It demonstrates how the urgent debate on how to create an ecologically sustainable future for the world s most populous country is shaped by its complex engagement with religious traditions competing visions of modernity and globalization and by engagement with minority nationalities who live in areas of outstanding natural beauty on China s physical and social margins The book develops a comprehensive understanding of contemporary China that goes beyond the tradition modernity dichotomy and illuminates the diversity of narratives and worldviews that inform contemporary Chinese understandings of and engagements with nature and environment

Meeting of Minds Irene Bloom, Joshua A. Fogel, 1997 In Meeting of Minds eleven prominent scholars explore intellectual and religious interactions among diverse traditions of the East Asian world The authors consider central issues including concepts of religious authority perceptions of the relation between knowledge and action the sense of the sacred within the realm of ordinary human existence and the concern with historical experience and practicality as criteria for evaluating ideas and beliefs

Methods of Doing Eastern Philophies Chanh Phan, *Neo-Confucian Ecological Humanism* Nicholas S. Brasovan, 2017-03-27 In this novel engagement with Ming Dynasty philosopher Wang Fuzhi 1619 1692 Nicholas S Brasovan presents Wang s neo Confucianism as an important theoretical resource for engaging with contemporary ecological humanism Brasovan coins the term person in the world to capture ecological humanism s fundamental premise that humans

and nature are inextricably bound together and argues that Wang's cosmology of energy qi gives us a rich conceptual vocabulary for understanding the continuity that exists between persons and the natural world. The book makes a significant contribution to English language scholarship on Wang Fuzhi and to Chinese intellectual history with new English translations of classical Chinese Mandarin and French texts in Chinese philosophy and culture. This innovative work of comparative philosophy not only presents a systematic and comprehensive interpretation of Wang's thought but also shows its relevance to contemporary discussions in the philosophy of ecology.

Religious Perspectives on Human Vulnerability in Bioethics
 Joseph Tham, Alberto Garcia, Gonzalo Miranda, 2014-07-07 With the advance of biomedicine certain individuals and groups are vulnerable because of their incapacities to defend themselves. The International Bioethics Committee as a UNESCO working group has for the last several years dedicated to deepen this principle of human vulnerability and personal integrity. This book serves to supplement this effort with a religious perspective given a great number of the world's population is affiliated with some religious traditions. While there is diversity within each of these traditions all of them carry in them the mission to protect the weak, the underprivileged and the poor. Thus here presented is a collection of papers written by bioethics experts from six major world religions: Buddhism, Christianity, Confucianism, Hinduism, Islam, and Judaism, who were gathered to discuss the meaning and implications of the principle of vulnerability in their respective traditions.

A Reader's Companion to the Confucian Analects
 H. Rosemont, 2012-10-29 This companion is not intended as another interpretation of the ancient text but rather as an aid for contemporary students to develop their own interpretive reading of it in the hope of thereby aiding them in the search for meaning, purpose and service in their own lives as seventy-three generations of Chinese have done.

Human Nature, Ritual, and History
 Antonio S. Cua, 2005-03 In this volume distinguished philosopher Antonio S. Cua offers a collection of original studies on Xunzi, a leading classical Confucian thinker, and on other aspects of Chinese philosophy.

Classics and Interpretations
 Ching-I Tu, 2017-11-30 In recent years in the West scholars have attempted to unravel old constructs of interpretation and understanding using the discipline of hermeneutics or the scientific study of textual interpretation. Borrowed from students of the ever-growing body of biblical interpretive literature that originated in the early Christian era, theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation. *Classics and Interpretations* applies this method to Chinese culture. Several essays focus on hermeneutic traditions of Neo-Confucianism. Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation in Chinese poetics and painting and in contemporary Chinese culture. This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition.

Part 1: The Great Learning and Hermeneutics demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the Ta Hsueh text and its treatment as either canonical or heterodox.

Part 2: Canonicity and Orthodoxy considers the philosophical touchstones employed by Neo-Confucian canonical exegetes and polemicists and discusses the

Han canonization of the scriptural Five Classics while illuminating a double standard that existed in the hermeneutical regime of late imperial China Part 3 Hermeneutics as Politics discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in Chinese historiography the scriptural tradition and reinterpretation of the Ch un ch iu and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics Hermeneutic Traditions in Chinese Poetics and Non Confucian Contexts Reinterpretation of Confucian Texts in the Ming Ch ing Period and Contemporary Interpretations of Confucian Culture Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor This volume will excite scholars of the Confucian Buddhist and Taoist systems of thought and belief as well as students of history and hermeneutics
