The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07
More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

Bernhard Fehr, 2022-11-05 Unveränderter Nachdruck der Originalausgabe von 1928 Modern English Playwrights John William Cunliffe, 1927 Contemporary American Literature John Matthews Manly, Edith Rickert, 1929 Ibsen's Lively Art Frederick J. Marker, Lise-Lone Marker, 1989-03-30 Ibsen's Lively Art explores key stage productions and clusters of productions in detail Historical Dictionary of Contemporary American Theater: 1930-2010 James Fisher, 2011-06-01 From legends like Eugene O'Neill, Tennessee Williams and Arthur Miller to successful present-day playwrights like Neil LaBute, Tony Kushner and David Mamet, some of the most important names in the history of theater are from the past 80 years. Contemporary American theater has produced some of the most memorable, beloved and important plays in history, including *Death of a Salesman*, *A Streetcar Named Desire*, *Barefoot in the Park*, *Our Town*, *The Crucible*, *A Raisin in the Sun*, and *The Odd Couple*. *Historical Dictionary of Contemporary American Theater* presents the plays and personages, movements and institutions, and cultural developments of the American stage from 1930 to 2010, a period of vast and almost continuous change. It covers the ever-changing history of the American theater with emphasis on major movements, persons, plays, and events. This is done through a chronology, an introductory essay, an extensive bibliography, and over 1,500 cross-referenced dictionary entries. This book is an excellent access point for students, researchers, and anyone wanting to know more about the history of American theater.

Noël Coward Russell Jackson, 2024-12-30 Noël Coward combines a fresh appraisal of major plays by one of the twentieth century's most popular dramatists with an account of critical and theatrical responses to his life and work. For almost the entirety of the twentieth century, Noël Coward was one of the UK's most popular and celebrated playwrights. Refracting rather than directly reflecting the social and personal issues of his time, his plays reveal tensions and contradictions in the theatre world that surrounded them. As well as critical responses to his work and the key themes that it foregrounds, seminal productions of *The Vortex*, *Private Lives*, *Design for Living*, *Hay Fever*, *Blithe Spirit*, and more are examined to further elaborate on the radicalism of his approach to personal and social relationships and the ways in which directors and actors have sought to achieve a sense of the disquiet felt by critics and audiences when they were first produced. This book explores the question of what Coward's work can speak to for today's modern audiences, assessing his

standing in terms of how conditions have changed in the theatre and society more broadly since they were written Part of the Routledge Modern and Contemporary Dramatists series No 1 Coward provides undergraduate students on Theatre Studies degrees and Modern Drama courses an essential and accessible guide to the playwright's work and illustrates the influence of his drama on what theatre can tell us about our society **Who was who**, 1952 **The Publishers Weekly**, 1913 In *Hollywood with Nemirovich-Danchenko 1926-1927* Sergei Bertensson, 2004-06-21 Bertensson's observations of life in Hollywood on the eve of the talkies revolution provide us with a compelling snapshot of movie history in the making seen from the unusual perspective of an outsider *Annual Bibliography of English Language and Literature*, 1924 Includes both books and articles, **Guide to Reprints** Albert James Diaz, 1994 Routledge Revivals: History Workshop Series Various Authors, 2022-07-30 First published between 1975 and 1991 this set reissues 13 volumes that originally appeared as part of the History Workshop Series This series of books which grew out of the journal of the same name advocated history from below and examined numerous often social issues from the perspectives of ordinary people In the words of founder Raphael Samuel the aim was to turn historical research and writing into a collaborative enterprise via public gatherings outside of a traditional academic setting that could be used to support activism and social justice as well as informing politics Some of the topics examined in the set include mineral workers rural radicalism and the lives and occupations of villagers in the nineteenth century working class association the development of left wing workers theatre and the changing attitudes to mass culture across the twentieth century the changing fortunes of the East End at the turn of the century the position of women from the nineteenth century to the present the miners strike of 1984 5 the social and political images of late twentieth century London and a three volume analysis of the myriad facets of English patriotism This set will be of interest to students of history sociology gender and politics *Eugene O'Neill* Barrett Harper Clark, 1929 *Lord Dunsany* S.
