W. Rogerson, J. W. McKay, 1977-07-14 This volume follows the general pattern of the series opening with a discussion of content of authorship and of the way the collection came to be put together followed by a psalm by psalm presentation of the NEB text with commentary Dr Rogerson and Dr McKay stress the richness and variety of the material in the Psalms and provide an analytical table of the predominant themes They discuss the literary characteristics of Hebrew poetry with special reference to devices such as the acrostic and examine the problems faced by the NEB translators Over the years many different approaches have been made to the interpretation of the Psalms The authors characterize these as the spiritual the historical the form critical and the cultic approach and their own commentary strikes an effective balance between them One of their primary purposes is to bring out the religious teaching of permanent value within the Psalms **The Covenant** ,1853 **Select Notes on the International Sunday School Lessons** ,1919 Select Notes Mary Abby Thaxter Peloubet, 1919 **From Epic to Canon** Frank Moore Cross, 2000-11-21

Winner of the Centennial Book Award from the Tuttleman Family Foundation of Gratz College In *From Epic to Canon* Frank Moore Cross discusses specific issues that illuminate central questions about the Hebrew Bible and those who created and preserved it He challenges the persistent attempt to read Protestant theological polemic against law into ancient Israel Cross uncovers the continuities between the institutions of kinship and of covenant which he describes as extended kinship He examines the social structures of ancient Israel and reveals that beneath its later social and cultural accretions the concept of covenant as opposed to codified law was a vital part of Israel's earliest institutions He then draws parallels between the expression of kinship and covenant among the Israelites and that practiced by other ancient societies as well as in primitive societies

The Courage to Doubt Robert Davidson, 2015-03-01 The Hebrew Bible is in part a history of individuals who in order to retain faith in God were led to rebel against and question what was being confidently affirmed about God Jacob Moses Jeremiah and the authors of many of the Psalms are obvious examples Robert Davidson tracks this important theme as it emerges in the patriarchal Mosaic and prophetic traditions of the Hebrew Bible He helps the reader see that this theme is particularly relevant today when many even within the believing community find themselves forced to question and doubt and often do so with unnecessarily guilty consciences
