Us Dick Meyer,2008-08-05 Americans are as safe well fed securely sheltered long lived free and healthy as any human beings who have ever lived on the planet But we are down on America So why do we hate us According to Dick Meyer the following items on this much abbreviated list are some of the contributors to our deep disenchantment with our own culture Cell phone talkers broadcasting the intimate details of their lives in public spaces Worship of self awareness self realization and self fulfillment T shirts that read Eat Me Facebook MySpace and kids being taught to market themselves High level cheating in business and sports Reality television and the cosmetic surgery boom Multinational corporations that claim We care about you The decline of organic communities A line of cosmetics called S L U T The phony red state blue state divide The penetration of OmniMarketing into OmniMedia and the insinuation of both into every facet of our lives You undoubtedly could add to the list with hardly a moment s thought In Why We Hate Us Meyer absolutely nails America s early twenty first century mood disorder He points out the most widespread carriers of the why we hate us germs including the belligerence of partisan politics that perverts our democracy the decline of once common manners the vulgarity of Hollywood entertainment the superficiality and untrustworthiness of the news media the cult of celebrity and the disappearance of authentic neighborhoods and voluntary organizations the kind that have actual meetings where one can hobnob instead of just clicking in an online contribution Meyer argues with biting wit and observations that make you want to shout Yes I hate that too that when the social spiritual and political turmoil that followed the sixties collided with the technological and media revolution at the turn of the century something inside us hit overload American culture no longer reflects our own values As a result we are now morally and existentially tired disoriented anchorless and defensive We hate us and we wonder why Why We Hate Us reveals why we do and also offers a thoughtful and uplifting prescription for breaking out of our current morass and learning how to hate us less It is a penetrating but always accessible Culture of Narcissism for a new generation and it carries forward ideas that resounded with readers in bestsellers such as On Bullshit and Bowling Alone

Opening Your Child's Nine Learning

Windows Cheri Fuller, 2001-06 This book helps parents understand the potential of important windows of learning opportunities and how to capitalize on each window language musical logical mathematical curiosity emotional spiritual physical and values Formerly titled Through the Learning Glass **Fascism** Brian E. Fogarty, 2009-10 A cautionary examination of America's ongoing risk of fascism The Manipulative Child Ernest W. Swihart, Jr., 1998-03-02 Why do so many of our kids raised in the most affluent nation on earth fail to thrive and strive and enter adulthood lacking appropriate and effective coping skills Drs Swihart and Cotter have come up with a revolutionary theory on why our kids are having such a tough time of it today It is because we allow our children to manipulate us and the world around them rather than teaching them how to respond to life and life's tough situations The result is that manipulative behavior is directly tied to low self esteem which only heightens its negative impact on kids families and the larger communities we live in The good news is that Drs Swihart and Cotter have created a radical and clinically proven program for breaking manipulative behavior and getting our kids back on track The program teaches parents to say no without feeling guilt to resist the urge to feel responsible for their child's happiness to view their children as emotionally competent and resilient and most importantly to realize that effective parenting means allowing your child to make mistakes and develop a sense of competence which leads to enhanced self esteem and an ability to live independently and successfully in the real world Drawing on their twenty five years in private practice the authors illustrate their program with examples of successful kids as well as case studies of how parents have regained control and effectively blocked their children's manipulative behavior The positive results will enlighten and even astound you and give you the tools needed to become a better parent
