Breslauer, 2015-07-16 Few regions of the world are as politically turbulent as the Middle East and nowhere is the potential for superpower conflict greater How does the Soviet Union view the Middle east conflict Can the USSR play a constructive role in the peace process In this volume first published in 1990 these questions and others central to an understanding of Soviet strategy in the region are addressed Previous analysts of Soviet Middle Eastern relations have tended to emphasize either the cooperative or the competitive aspects of Soviet behaviour Breslauer instead offers the multidimensional concept of collaborative competition to describe the mixed motives ambivalence and sometimes conflicting perspectives that have informed Soviet strategy in the region In such an unstable environment this strategy of collaborative competition has in turn encouraged approach avoidance behaviour for example while the Soviets may seek to moderate their radical allies they remain fearful that these allies once

moderated might defect to US patronage Under Gorbachev the Kremlin continues to pursue this same strategy but with increased attention to improving collaboration redefining the nature of the competition and easing the approach avoidance dilemma Breslauer argues that these changes could lead to more flexible Soviet behaviour in the region This volume combines new in depth research on Soviet policy with new interpretations including insights drawn from relevant theories of international relations

*Limits of Soviet Power* Edward A. Kolodziej, Roger E. Kanet, 2015-12-25 An evaluation of Soviet efforts to penetrate the major regions in the southern hemisphere concluding that success has been modest and continues to be costly It is suggested that a world society could emerge based on socio economic and political competition rather than conflict and arms races
