The Of Questions Yael Elya Aely:

The Book of Questions Edmond Jabès, 1991-09 **The Book of Questions** Edmond Jabès, 1983-04-01 A meditative narrative of Jewish Experience and man's relation to the world The Book of Questions Edmond Jabès, 1983 A meditative narrative of Jewish Experience and man's relation to the world **Edmond Jabès and the Archaeology of the Book** Tsivia Wygoda Frank, 2021-11-08 This book offers a fresh reflection on *The Book of Questions* by the French Egyptian Jewish writer Edmond Jabès and its readings and proposes to re-contextualize Jabès' enigmatic prose through the lens of the author's manuscripts. Addressed are the main prisms through which Jabès' oeuvre has been read since its publication in 1963: Jewishness, the Shoah, intertextuality with Midrash and Kabbalah, hermeticism and interpretation. It analyzes their shapes and their becoming in the work in progress, reveals the dynamics and the contexts of their evolution from the pre-texts to the text and beyond, and reflects on the relationship between creation, interpretation, and writing as a process. It seeks to rethink our reading of *The Book of Questions* and the poetics and hermeneutics of enigmatic writing. Derrida and the Future of Literature Joseph G. Kronick, 1999-09-30 Presented here is the fullest account to date of Derrida's unconventional understanding of literature and its importance to the development of a poststructural ethics. Kronick explains why Derrida has had such a great impact upon literary studies and at the same time he demonstrates how different Derrida's conception of literature is from the literary critic's. Focusing on such key topics as singularity, justice, law, aporia, and the event, this book explores the unexpected ways literature appears in Derrida's works and is tied to his major concepts. **Reimagining the Bible** Howard Schwartz, 1998 A collection of essays from Schwartz's previously published work exploring how each successive phase of Jewish literature has drawn upon and reimagined previous ones and arguing that there is a continuity in Jewish Literature which extends from the biblical era to our own times. **Between Exile and Return** Anne Golomb Hoffman, 2012-02-01 This innovative study of the modern Hebrew writer S. Y. Agnon offers new insight into his literary transformations of Jewish themes and sources. With particular attention to Kafka, Hoffman situates Agnon in the context of twentieth-century literature and examines such central issues in Agnon's art as the relationship of the literary text to traditions of sacred writings, the place of the book in culture, and the relationship of writing to the body. Agnon's writing moves between exile and return, enacting dramas of presence and absence and attachment and loss. From the images of sacred texts found in some of his short fiction to the ideological conflicts that inform his larger novels, this book traces the geographical-cultural sweep of Agnon's writing as it moves through Eastern and Western Europe, positioning the Diaspora in relation to a Jerusalem that is both mundane and spiritual. Hoffman examines the ways in which Agnon's writing produces an autobiographical myth that joins the figure of the writer to the life history of the larger community of Israel. Moving from stories of writer and writing to the broader cultural canvas of several major novels, the author concludes with an analysis of the ways in which the fiction prompts interrogation of major cultural constructions concerning gender, the formative passage

of the subject through the Oedipus complex and the dissociation of culture from the body *Eloquence Divine* Phillip Arrington, 2018-01-01 While serious studies of the Bible's rhetoric have been written for academic readers few have attempted to examine the persuasiveness of speeches directly assigned to the biblical God that so many believe in and worship Further no critic has yet tried to analyze how this God tries to invent and develop His arguments in the Bible as it has come down to us or how this God arranges those arguments or the styles He adopts to make them and the roles memory and delivery play in His arguments *Eloquence Divine* is one agnostic's attempt at such a study Those in the humanities educators and their students graduates and undergraduates interested in rhetoric persuasive language religion and the Bible are the ones most likely to be interested in this book's explorations in the hope that these readers whatever their beliefs or theoretical preferences can gain greater understanding of how one a fairly popular version of God strives through His eloquence to affect the human audiences in the Bible From the Introduction **The Testimonies of Russian and American Postmodern Poetry** Albena Lutzkanova-Vassileva, 2016-06-30 This book challenges the belief in the purely linguistic nature of contemporary poetry and offers an interpretation of late twentieth century Russian poetry as a testimony to the unforeseen annulment of communist reality and its overnight displacement by a completely unfathomable post totalitarian order Albena Lutzkanova Vassileva argues that because of the sudden invalidation of a reality that had been largely seen as unattained and everlasting this shift remained secluded from the mind and totally resistant to cognition thus causing a collectively traumatic psychological experience The book proceeds by inquiring into a school of contemporary American poetry that has been likewise read as cut off from reality Executing a comparative analysis Vassileva advances a new understanding of this poetry as a testimony to the overwhelming and traumatic impact of contemporary media which have assailed the mind with far more signals than it can register digest and furnish with semantic weight **For You Alone** Terry A. Veling, 2014-04-18 The works of Emmanuel Levinas a survivor of the Nazi horror are striking in the constancy of their thought and the strength of their appeal We are not condemned to evil and hatred rather we are called to be for each other *For You Alone* explores the relational and religious quality of Levinas work Our lives are always twofold rather than one and the same A relational life is dependent on encounters that are revelatory Revelation means that life is no mere sameness but is tied to the revelation of the other to you Here is transcendence par excellence Here is what the name of God signifies the relational and ethical bond that takes us outside ourselves toward the other in our midst What could be more natural more human or more divine than to speak of the relational quality of life An answerable life means that we are asked after called required Here I am under your gaze Levinas writes obliged to you your servant In the name of God
