Skin Chairs:

The Skin Chairs Barbara Irene Veronica Comyns Carr, 1962 **The Skin Chairs** Barbara Comyns, 1987 When her father dies ten year old Frances her mother and assorted siblings are taken under the wing of their horsey relations led by bullying Aunt Lawrence **Barbara Comyns** Avril Horner, 2024-03-19 The extraordinary twentieth century writer Barbara Comyns led a life as captivating as the narratives she spun This pioneering biography reveals the journey of a woman who experienced hardship and single motherhood before the age of thirty but went on to publish a sequence of novels that are unique in the English language Comyns turned her hand to many jobs in order to survive from artist s model to restoring pianos Hundreds of unpublished letters reveal an occasionally desperate but resourceful and witty woman whose complicated life ranged from enduring poverty when young to mixing with spivs spies and high society While working as a housekeeper in her mid thirties Comyns began transforming the bleak episodes of her life into compelling fictions streaked with surrealism and deadpan humour The Vet s Daughter 1959 championed by Graham Greene brought her fame although her use of the gothic and macabre divided readers and reviewers This biography not only excavates Comyns s life but also reclaims her fiction providing a timely reassessment of her literary contribution It sheds new light on a remarkable author who deftly captured the complexities of human life Illustrated Mission Furniture Catalog, 1912-13 Come-Packt Furniture Co., 2014-02-03 Reprint of actual home furnishings catalog from the height of the popularity of Mission design illustrating and describing 400 items many designed to be shipped knocked down for reassembly at home **Zebra** Christopher Plumb, Samuel Shaw, 2018-05-15 Common and exotic glamorous and ferocious sociable and sullen zebras mean many things to many people But one facet of zebras universally fascinates their stripes The extraordinary beauty of zebras striped coats has ensured their status as one of the world s most recognizable and popular animals Zebra print is everywhere in contemporary society on beanbags and bikinis car seats and pencil cases Many zoos house a zebra or two and they are a common feature of children s books and films Zebras have been immortalized in paint by artists including George Stubbs and Lucian Freud and they even have a road crossing named after them But despite their ubiquity the natural and cultural history of zebras remain a mystery to most Zebra is the most comprehensive and wide ranging survey ever published of the natural and cultural history of this cherished animal exploring its biology and cultural relevance in Africa and beyond Few know that there are three species of zebra plains mountain and Grevy s that one of these is currently endangered or that among the many subspecies was once found the quagga an animal that once roamed southern Africa in large numbers before dying out in the 1880s Drawing on a range of examples as dizzying as the zebra s stripes this book shows how the zebra s history engages and intersects with subjects as diverse and rich as eighteenth century humor imperialism and technologies of concealment Including more than one hundred illustrations many previously unpublished Zebra offers a new perspective on this much loved much depicted but frequently misunderstood animal *Spons' Mechanics' Own Book*, 1889 Spons'

WHY DID YOU COME IF YOU

LEAVE AGAIN? Dr. Conradin Perner, 2025-01-24 One of the rare occasions where an ethnographer bares himself to reveal how he came to learn about and understand the people he studied Since an ethnographer is the only person to witness on a people and their culture the author writes about his findings on the Anyuak civilization and culture from the perspective of a novice learner He prefaces the reader about his own background and writes about the person behind the observations One of the readers of the manuscript described this as a delightful effort to humanize the rigor of academic analysis of indigenous populations so the author could share with others the remarkable experiences that led to his fascination with the Anyuak people The memoir is both a document of past times of nature and people a moving description of life in the wilderness and a people's fight for human dignity The book differs from other travel autobiographies in its poetic clear and suggestive language that allows readers to participate in the discovery of a foreign culture and to become a friend to hitherto unknown people It opens philosophical and spiritual dimensions and reflects on the humanity of the Anyuak the author and the attentive reader
