

THE SKY SUSPENDED

James Bassett

A NOVEL BY THE AUTHOR OF

HARM'S WAY

Sky Suspended

J Ma

Sky Suspended:

U-N-I-VERSE Volume 4 Saleem Little, George Hopkins, Shavar Thompson, Norman McDonald, Kevin Lomax, Imhotep Shabazz, 2024-02-23 U N I Verse is a platform for all seekers to share wisdom with the world It is a series where writers from all religions schools of thought and walks of life come together to discuss differences and similarities in order to shed light on and build upon common points of interest that may lead to Universal balance and harmony This series is intended to unify the human family and realign all with the cosmic symphony that man s ego and pride has disrupted In Volume five of the U N I VERSE series author Salim Shabazz formerly Saleem Little invites Authors Dane Brown George Hopkins Shavar L Thompson Lorenzo Johnson and poet Eza to share their thoughts poems and social examinations in a collective endeavor to raise consciousness and awareness while preserving the art form of poetry and expanding the horizons of literature It is said that too often only the paper listens Too often great ideas thoughts stories etc remain confined in the mind of their creator Be it Writer s block a writer s fear or a person s unawareness of their writing potential stories and ideas too often never reach the consciousness of the masses Writer s Block is one author s first step in a quest to inspire more to inspire by the pen The Spiritual Power of Nonviolence George W. Wolfe, 2010-09-29 Religion and violencethe two concepts seem incompatible given the emphasis in religion on virtue love forgiveness and compassion Yet many scriptures contain martial images and stories of god inspired military conquest The Spiritual Power of Nonviolence confronts this theological contradiction arguing that martial images and symbols found in religious texts are often meant to be interpreted as metaphors for an inner spiritual struggle and should never be used as a justification for war The analysis is undertaken from an interfaith perspective that explains many of the paradoxical concepts found in theories of nonviolence Professor Wolfe also presents a compelling case for the sustainability paradigm and for offering peace education and interreligious dialogue on a global scale He probes the scriptures of the world proving that nonviolence is a shared virtue and that the real enemy we must battle against and ultimately defeat is actually within us An excellent introduction to spiritually based principled nonviolence Professor Wolfes blend of different wisdom traditions is especially useful Dr Michael Nagler Professor Emeritus University of California at Berkeley George Wolfe has put the blame for proliferating violence in the world where it belongs on the crass interpretation of religion A thought provoking book Arun Gandhi President Gandhi Institute for Nonviolence Truly an enlightening book Judy OBannon Former First Lady of Indiana **Genesis 1 as Ancient Cosmology** John H. Walton, 2011-06-30 The ancient Near Eastern mode of thought is not at all intuitive to us moderns but our understanding of ancient perspectives can only approach accuracy when we begin to penetrate ancient texts on their own terms rather than imposing our own world view In this task we are aided by the ever growing corpus of literature that is being recovered and analyzed After an introduction that presents some of the history of comparative studies and how it has been applied to the study of ancient texts in general and cosmology in particular Walton focuses in the first half of this book on the ancient Near Eastern texts that inform our

understanding about ancient ways of thinking about cosmology Of primary interest are the texts that can help us discern the parameters of ancient perspectives on cosmic ontology that is how the writers perceived origins Texts from across the ancient Near East are presented including primarily Egyptian Sumerian and Akkadian texts but occasionally also Ugaritic and Hittite as appropriate Walton s intention first of all is to understand the texts but also to demonstrate that a functional ontology pervaded the cognitive environment of the ancient Near East This functional ontology involves more than just the idea that ordering the cosmos was the focus of the cosmological texts He posits that in the ancient world bringing about order and functionality was the very essence of creative activity He also pays close attention to the ancient ideology of temples to show the close connection between temples and the functioning cosmos The second half of the book is devoted to a fresh analysis of Genesis 1 1 2 4 Walton offers studies of significant Hebrew terms and seeks to show that the Israelite texts evidence a functional ontology and a cosmology that is constructed with temple ideology in mind as in the rest of the ancient Near East He contends that Genesis 1 never was an account of material origins but that as in the rest of the ancient world the focus of creation texts was to order the cosmos by initiating functions for the components of the cosmos He further contends that the cosmology of Genesis 1 is founded on the premise that the cosmos should be understood in temple terms All of this is intended to demonstrate that when we read Genesis 1 as the ancient document it is rather than trying to read it in light of our own world view the text comes to life in ways that help recover the energy it had in its original context At the same time it provides a new perspective on Genesis 1 in relation to what have long been controversial issues Far from being a borrowed text Genesis 1 offers a unique theology even while it speaks from the platform of its contemporaneous cognitive environment

Bad Glass Richard E. Gropp,2012-09-25 One of the most hauntingly original dark fantasy debuts in years perfect for fans of *Lost* and Mark Danielewski s cult classic *House of Leaves* Something has happened in Spokane The military has evacuated the city and locked it down Even so disturbing rumors and images seep out finding their way onto the Internet spreading curiosity skepticism and panic For what they show is or should be impossible strange creatures that cannot exist sudden disappearances that violate the laws of physics human bodies fused with inanimate objects trapped yet still half alive Dean Walker an aspiring photographer sneaks into the quarantined city in search of fame What he finds will change him in unimaginable ways Hooking up with a group of outcasts led by a beautiful young woman named Taylor Dean embarks on a journey into the heart of a mystery whose philosophical implications are as terrifying as its physical manifestations Even as he falls in love with Taylor a woman as damaged and seductive as the city itself his already tenuous hold on reality starts to come loose Or perhaps it is Spokane s grip on the world that is coming undone Now caught up in a web of interlacing secrets and betrayals Dean Taylor and their friends must make their way through this ever shifting maze of a city a city that is actively hunting them down herding them toward a shocking destiny

Minding the Heavens Leila Belkora,2002-12-01 Today we accept that we live on a planet circling the sun that our sun is just one of billions of stars in the

galaxy we call the Milky Way and that our galaxy is but one of billions born out of the big bang Yet as recently as the early twentieth century the general public and even astronomers had vague and confused notions about what lay beyo

Hecate's Bounty Will Greenway,2007-09-20 Imagine you re one half of a cosmically powerful being Wren Kergatha a savant of forces is heir to the incredible powers of the first ones Unfortunately separated from her beta half her abilities provide little more than token defense against demons and avatars To make matters worse the stronger half is bent on devouring her Wren continues her epic quest to regain her memories family and heritage Even with the potent help of the Felspar clan the young savant of forces finds herself and her allies on the run from the minions of a pantheon lord In order to rescue her parents and brother Wren must find the lost city of Cosmodarus and confront the evil goddess of the moon But how can she defeat a creature able to ravage entire worlds

Misrecognitions Joshua B. Davis,2018-11-02 This collection brings together prominent thinkers from numerous disciplines to address the legacy of Gillian Rose for political theology today Rose s work is notorious for its eclectic range difficult style and iconoclastic defiance of the conventions of postmodern critical theory The theologians religious scholars ethicists and theorists in this collection discuss Rose s relationship to such topics as the Frankfurt School social theory feminism literature law Hegel Kant and psychoanalysis They situate her work within the wider context of political theology as it is understood in religious studies and continental philosophy Though attentive to the theoretical issues raised by Rose s work these essays are also engage the role that work may play in political action today examining issues such as refugee immigration in Europe the rise of nationalism and anticapitalist political organizing The collection is a vital contribution to the rising body of literature on Rose and her importance to political philosophy ethics and theology but it will also serve as an important orienting guide for readers new to Rose s work and its demanding style

Egyptian Wisdom and the Hebrew Genesis Gerald Massey,2008-11-01 I t was not the genesis of the universe that is imaged in astronomical mythology The firmament was there already waiting to be distinguished as upper and lower and divided into the domains of night and day or Sut and Horus or Ansar and Kisar The constellations were not created from nothing when they were figured out of stars The firmamental water was not created by being divided into upper and lower The earth was not created because distinguished from water as ground to go upon Heaven and earth existed when these were nameless and did not come into existence on account of being named from Egyptian Wisdom and the Hebrew Genesis It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey s massive *Ancient Egypt The Light of the World* first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents Book 7 of *Ancient Egypt* in which Massey explains how Egyptian wisdom which greatly concerns itself with matters of the womb and birth water and the offspring of gods was appropriated by the Hebrew holy

books and explains how the Hebrew account of creation is a clear repetition of Egyptian mythology Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis **Ancient Egypt Light Of The World 2 Vol set** Gerald Massey, 2013-10-15 First published in 2005 This expansive and fascinating treatment of ancient Egyptian mythology and its influence on the traditions that followed from it includes explorations of sign language in mythological representation totemism fetishism spirits and Gods the Egyptian Book of the Dead and Egyptian wisdom in the Hebrew Genesis Readers will enjoy the wealth of information offered by Massey as well as his clear and readable style **Designs on Prehistoric Hopi Pottery** Jesse Walter Fewkes, 1919 **Thresholds, Encounters** Kristina Mendicino, Dominik Zechner, 2023-09-01 Paul Celan's works dwell on the threshold between the extremes of poetic expression and philosophical reflection The divergent literary and critical idioms that have marked Celan's writing and that Celan's writing has come to mark for others Hamacher Derrida Szondi thus call for a new philology This philology cannot be situated within presupposed genres or fields but rather explores the ways in which poetic and philosophical ambitions meet in texts by and on Celan The first part of Thresholds Encounters Ex posing the Poem speaks to issues of history ecology and aurality the second part Language Dislodged delves into Celan's articulations of encounter positionality and translation Throughout contributors probe the consequences of Celan's poetry for thinking and writing while inviting readers from different disciplinary spaces to further pace out the liminal zones opened by his oeuvre **Ancient Egypt, the Light of the World** Gerald Massey, 1907 **Who Can Afford to Improvise?** Ed Pavlić, 2015-10-12 More than a quarter century after his death James Baldwin remains an unparalleled figure in American literature and African American cultural politics In Who Can Afford to Improvise Ed Pavli offers an unconventional lyrical and accessible meditation on the life writings and legacy of James Baldwin and their relationship to the lyric tradition in black music from gospel and blues to jazz and R B Based on unprecedented access to private correspondence unpublished manuscripts and attuned to a musically inclined poet's skill in close listening Who Can Afford to Improvise frames a new narrative of James Baldwin's work and life The route retraces the full arc of Baldwin's passage across the pages and stages of his career according to his constant interactions with black musical styles recordings and musicians Presented in three books or movements the first listens to Baldwin in the initial months of his most intense visibility in May 1963 and the publication of The Fire Next Time It introduces the key terms of his lyrical aesthetic and identifies the shifting contours of Baldwin's career from his early work as a reviewer for left leaning journals in the 1940s to his last published and unpublished works from the mid 1980s Book II listens with Baldwin and ruminates on the recorded performances of Billie Holiday and Dinah Washington singers whose message and methods were closely related to his developing world view It concludes with the first detailed account of The Hallelujah Chorus a performance from July 1 1973

in which Baldwin shared the stage at Carnegie Hall with Ray Charles Finally in Book III Pavli reverses our musically inflected reconsideration of Baldwin s voice projecting it into the contemporary moment and reading its impact on everything from the music of Amy Winehouse to the street performances of Turf Feinz and the fire of racial oppression and militarization against black Americans in the 21st century Always with an ear close to the music and avoiding the safe box of celebration Who Can Afford to Improvise enables a new kind of lyrical travel with the instructive clarity and the open ended mystery Baldwin s work invokes into the world

The Flyer Martin Francis,2008-11-27 The first scholarly study of the men of the RAF and British culture during the war The Flyer examines the lives of these men and their popular representation in literary and cinematic texts It illuminates broader issues of gender class race emotional life and the creation of a national myth in modern Britain

Finding a Way Forward Iona Morrison,2019-04-24 When a ghost decides it s high time for her murder to be solved she chooses Jessie Reynolds to solve the cold case Armed with only the girl s name Jessie goes in search of information and is stunned to find a link connecting the dead girl to Matt Parker Is it possible the man Jessie cares about had something to do with the crime As the case unfolds Matt and Jessie have all they can handle dealing with two possibly connected murders a menacing man from Jessie s past and the knowledge of a porn ring at the local high school that could take down several prominent citizens of Blue Cove Racked with questions and doubts about their relationship Jessie will have to work with Matt to find a way to bury the past and build a bridge to the future
