a survival tool Sack who has written about race in his native South for more than four decades uses the church's history to trace the long arc of Black life in the city where nearly half of enslaved Africans disembarked in North America and where the Civil War began Through the microcosm of one congregation he explores the development of a unique practice of Christianity from its daring breakaway from white churches in 1817 through the traumas of the Civil War and Reconstruction to its critical role in the Civil Rights Movement and beyond At its core Mother Emanuel is an epic account of perseverance not just of a congregation but of a people who withstood enslavement Jim Crow and all manner of violence with an unbending faith Low Country Gullah Culture, Special Resource Study, 2003 Freedoms Gained and Lost Adam H. simply happened to enslaved peoples but rather something in which they actively participated By viewing local experiences through an Atlantic framework the contributors reveal how emancipation was both a shared experience across national lines and one shaped by the particularities of a specific nation Their examination uncovers in detail the various techniques employed by people of African descent across the Atlantic World allowing a broader picture of their paths to freedom Contributors Ikuko Asaka Caree A Banton Celso Thomas Castilho Gad Heuman Martha S Jones Philip Kaisary John Garrison Marks Paul J Polgar James E Sanders Julie Saville Matthew Spooner Whitney Nell Stewart and Andrew N Wegmann

*Be Free or Die: The Amazing Story of Robert Smalls' Escape from Slavery to Union Hero* Cate Lineberry, 2017-06-20. Finalist for the Gilder Lehrman Lincoln Prize. Henry Louis Gates Jr. A stunning tale of a little-known figure in history. Candice Millard. *Be Free or Die* makes you want to stand up and cheer. The astonishing true story of Robert Smalls' amazing journey from slave to Union hero and ultimately United States Congressman. It was a mild May morning in Charleston, South Carolina, in 1862, the second year of the Civil War, when a twenty-three-year-old slave named Robert Smalls did the unthinkable and boldly seized a Confederate steamer. With his wife and two young children hidden on board, Smalls and a small crew ran a gauntlet of heavily armed fortifications in Charleston Harbor and delivered the valuable vessel and the massive guns it carried to nearby Union forces. To be unsuccessful was a death sentence for all. Smalls' courageous and ingenious act freed him and his family from slavery and immediately made him a Union hero while simultaneously challenging much of the country's view of what African Americans were willing to do to gain their freedom. After his escape, Smalls served in numerous naval campaigns off Charleston as a civilian boat pilot and eventually became the first black captain of an Army ship. In a particularly poignant moment, Smalls even bought the home that he and his mother had once served in as house slaves. Cate Lineberry's *Be Free or Die* is a compelling narrative that illuminates Robert Smalls' amazing journey from slave to Union hero and ultimately United States Congressman. This captivating tale of a valuable figure in American history gives fascinating insight into the country's first efforts to help newly freed slaves while also illustrating the many struggles and achievements of African Americans during the Civil War.

economic autonomy As slaveholders became more profit oriented in the nineteenth century they also sought to control enslaved people s economic behavior and capture the gains Despite enslaved people s aptitude for enterprise their market activities came to be one more part of the violent and exploitative regime that shaped their lives Drawing on wide ranging archival research to expand our understanding of racial capitalism *Unfree Markets* shows the limits of the connection between economic activity and freedom **Charleston** Martha A. *Creolization and Transatlantic Blackness* Charmaine A. Nelson, 2024-11-12 Departing from more conscribed definitions this book argues for an expansion of the concept of Creolization in terms of duration temporality population and importantly in regional scope which also impact climate and the practices of slavery that are typically included and excluded from consideration Eschewing the normative focus on language and music the authors instead center art and visual and material cultures as both outcomes and practices in their explorations to consider the ways that cultural production in the period of slavery and its aftermath was irrevocably impacted by the collision of races and cultures in the Americas The chapters probe how creolization unfolded for differently constituted individuals and populations as well as how it came to be articulated both

in the historical moments of its enactment and its retroactive cultural representations and production In so doing they seek to both expand the terrain literally and figuratively of the definition of creolization and to turn towards an examination of its relevance for art and visual and material cultures of the Transatlantic world The chapters in this book were originally published in African and Black Diaspora An International Journal
