Roble is off in the Soul Freezer village and Slick and Slime are nowhere to be found. The Chosen Ones are left alone to set sail on the high seas in search of the Soul Stones where they must face unimaginable obstacles as they break into evil island shrines and battle vicious wardens knowing Chanulville and the Central Orb's future depends on their success. In the meantime, Slick and Slime embark on the urgent mission of collecting the pieces of the Dark Prophecy of Malgorpeo. As they delve into Lord Rayo's past, they uncover far more horrifying dangers and details than even they could've imagined. As the scroll is brought together piece by piece, they slowly realize that stopping the darkness of the prophecy may only leave them with one choice: One where not everyone will survive or live to remember Chanulville.

Flying Eric Kraft, 2009-03-03 Critics have compared him to Proust, Pynchon and Fred Astaire, an artful, slyly intelligent, wildly inventive observer of Americana. Now Eric Kraft has landed an ambitious comedy set both in our present and in an alternative 1950s universe. *Flying* It is the tail end of the 1950s and in the town of Babbington, New York, a young dreamer named Peter Leroy has set out to build a flying motorcycle using a design ripped from the pages of *Impractical Craftsman* magazine. This two-wheeled wonder will carry him not only to such faraway places as New Mexico and the Summer Institute in Mathematics, Physics and Weaponry but deep into the heart of commercialized American culture and return him to Babbington a hero. More than forty years later, as Babbington is about to rebuild itself as a theme park commemorating his historic flight, Peter must return home to set the record straight and confess that his flight did not match the legend that it inspired. Drawing together Eric Kraft's previously published *Taking Off* and *On the Wing* with the brand new final part of the story *Flying Home*, *Flying* is a buoyant comedy of remarkable wingspan, a hilarious story of hoaxes, digressions, do-it-yourself engineering and the wilds of memory and a great satire of magical thinking in America.
