Keeper of the Flame JoAnn Petrie Carr,2019-05-04 This is a fictional inside look in answer to the question What s it like being married to an astronaut I was an Apollo wife in the sixties which gives me a unique perspective from which to write this book This is the feminine view of the space race and has never been done before by an insider Keeper of the Flame is a metaphor for the universal story of every traditional married woman who found herself exposed to the possibilities offered by the changing world of the sixties It will also appeal to those younger women who struggle to combine career and family Jennifer Davis devoted mother of four and wife of an Apollo astronaut had dreamed of being a lawyer Instead she married and started a family while her twin brother went to law school Although the women s movement tells her she can have a career of her own she supports her husband in his quest for the moon Her husband is a good but neglectful man who is

driven by his need to excel at whatever he does His time and attention are focused exclusively on the moon to the detriment of his family and his relationship with Jennifer Jennifer pushes the traditional envelope of her life as far as she is able without jeopardizing Evan's chances or neglecting her children NASA lets Evan know he needs to rein her in Meanwhile the astronauts like rock stars are allowed every indulgence offered by an adoring public In spite of Jennifer's conventional upbringing an intense relationship with a television director Mason Sears who is filming a documentary on her family threatens to become intimate during her husband's one month stay on the moon An emergency on the lunar surface endangering the crew causes her to reexamine her core values She meets the tough choices that face her head on **Rise**

Rise of the Black Flame #5 Mike Mignola, 2017-01-04 The heroes search finally ends at the temple of the Black Flame cult but they don't arrive in time to stop what they find there The final issue [The Phoenix and the Flame](#) Henry Kamen, 1993-01-01 It is commonly assumed that the Counter Reformation touched Spain only lightly affecting the religious institutions but not the ordinary Spaniards Henry Kamen now challenges this view by providing an intimate look at what life was like in one small but distinctive rural Spanish community from the mid sixteenth to mid seventeenth centuries By examining the Catalan village of Mediona as a microcosm of Spanish society Kamen shows that in fact the Counter Reformation led to powerful changes in the daily lives beliefs and customs of the common people of Catalonia and Spain Kamen portrays the popular culture of Mediona studying the shifting habits revealed by its administrative reforms during the Counter Reformation the place of religious belief within the community the attempts to change popular festivities and celebrations the far reaching innovations in marriage and sexuality the role of the Inquisition and of the Jesuits the problem of witchcraft and the impact of books from the expanding presses of France Italy and the Netherlands on local language and ideas Kamen concludes that the Counter Reformation was in some instances liberating rather than repressive in Mediona and the broader Mediterranean society of which it was part By contemplating popular religion and culture as it was practiced by ordinary citizens he offers new insights into an epoch normally studied only in the light of great political events and he presents a wholly original vision of culture and society in Spain's Golden Age **Canadian Books in Print 2002** Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses **The Wedding Planner Sikh Edition**

Slow Dancing with Fire Brahna Yassky,2022-05-03 As an emerging young painter in New York City Brahna Yassky lived her dream working full time as an artist and supporting herself with her work attending art openings and going to clubs and painting scenery in theaters In 1982 a flame shot up from her stove and burned 55% of her body InSlow Dancing with Fire Yassky chronicles the day she was burned the three months she spent in the burn unit enduring an arduous healing process and the next full year of physical and occupational therapy She feared she might never paint again or have an independent life Would any man ever find her attractive enough to want a relationship Over time Yassky s resilient spirit guided her to build a new life She earned credentials as an art therapist and helped others heal from their traumas by engaging with the creative process She adopted a daily practice of swimming both as a meditation and a way to loosen scar contractions The New York City Department of Health commissioned her to create a mural on the outside of a building in the South Bronx and posters for every subway car She joined the Guerrilla Girls a women s artist activist collective whose mission was to fight racism and sexism in the art world She wrote and directed a film about the day she was burned casting an actress to play herself thus objectifying the experience and eliminating her personal identity as a burn victim And finally she married a man she never would have dated before the fire because his greatest attributes were kindness and nurturance not coolness and worldly success Her story encourages the belief that building a resilient spirit and healing our wounds and traumas are not only possible but exhilarating
