Rodriguez, 2018-05-08 Since the 1990s there has been unparalleled growth in the literary output from an ever more diverse group of Latinx writers Extant criticism however has yet to catch up with the diversity of writers we label Latinx and the range of themes about which they write Little sustained scholarly attention has been paid moreover to the very category under which we group this literature *Latinx Literature Unbound* thus begins with a fundamental question What does it mean to label a work of literature or an entire corpus of literature Latinx From this question others emerge What does Latinx allow or predispose us to see and what does it preclude us from seeing If the grouping which brings together a heterogeneous collection of people under a seemingly homogeneous label tells us something meaningful is there a poetics we can develop that would facilitate our analysis of this literature In answering these questions *Latinx Literature Unbound* frees Latinx literature from taken for granted critical assumptions about identity and theme It argues that there may be more salubrious taxonomies than Latinx for organizing and analyzing this literature Privileging the act of reading as a temporal meaning making event Ralph E Rodriguez argues that genre may be a more durable category for analyzing this literature and suggests new ways we might proceed with future studies of the writing we have come to identify as Latinx *Latino/a Literature in the Classroom* Frederick Luis Aldama, 2015-06-19 In one of the most rapidly growing areas of literary study this volume provides the first comprehensive guide to teaching Latino a literature in all variety of learning environments Essays by internationally renowned scholars offer an array of approaches and methods to the teaching of the novel short story plays poetry autobiography testimonial comic book children and young adult literature film performance art and multi media digital texts among others The essays provide conceptual vocabularies and tools to help teachers design courses that pay attention to Issues of form across a range of storytelling media Issues of content such as theme and character Issues of historical periods linguistic communities and regions Issues of institutional classroom settings The volume innovatively adds to and complicates the broader humanities curriculum by offering new possibilities for pedagogical practice *Imaginative Possibilities* Maceo Montoya, Javier O. Pivotal Voices, Era of Transition Rigoberto Gonzalez,2017-09-14 Pivotal Voices Era of Transition gathers Rigoberto Gonz lez s most important essays and book reviews many of which consider the work of emerging poets whose identities and political positions are transforming what readers expect from contemporary poetry A number of these voices represent intersectional communities such as queer writers of color like Natalie D az Danez Smith Ocean Vuong and Eduardo C Corral and many writers such as Carmen Gim nez Smith and David Tom s Mart nez have deep connections to their Latino communities Collectively these writers are enriching American poetry to reflect a more diverse panoramic and socially conscious literary landscape Also featured are essays on the poets literary ancestors including Juan Felipe Herrera Alurista and Francisco X Alarc n and speeches that address the

need to leverage poetry as agency This book fills a glaring gap in existing poetry scholarship by focusing exclusively on writers of color and particularly on Latino poetry Gonz lez makes important observations about the relevance urgency and exquisite craft of the work coming from writers who represent marginalized communities His insightful connections between the Latino African American Asian American and Native American literatures persuasively position them as a collective movement critiquing challenging and reorienting the direction of American poetry with their nuanced and politicized verse Gonz lez s inclusive vision covers a wide landscape of writers opening literary doors for sexual and ethnic minorities
