Rassoul Yazdipour, 2010-12-17 *Advances in Entrepreneurial Finance* brings together contributions from researchers from the fields of entrepreneurship behavioral finance psychology and neuroscience to shed new light on the dynamics of decision making and risk taking by entrepreneurs and venture capitalists VCs Every new venture requires access to capital at competitive interest rates and much has been written on general entrepreneurship by management scholars and financial contracting by financial economists using traditional finance theory with all its highly restrictive assumptions regarding decision makers cognitive capabilities and behavior But recent developments in behavioral finance can now be applied to understand how entrepreneurs and VCs perceive risk and uncertainty and how they decide and act accordingly Showcasing the latest research this volume demonstrates that findings from the behavioral and neuroscience arenas can and do explain decision making by entrepreneurs and venture investors in the real world Consequently such findings have practical implications not only for entrepreneurs venture capitalists and their advisors but also all government agencies and NGOs that want to support product and technological innovation capital formation job creation and economic development

Advances in Small Business Finance Rassoul Yazdipour, 2012-12-06 Small business research is becoming more sophisticated as an increasing number of scholars study more complex analytical issues In many cases research pertaining to the small firm is part of the incomplete and inefficient markets controversy in the finance literature Because of their size and traditional organizational form small firms often find it extremely difficult to attract significant resources in sophisticated financial markets These markets appear to be segmented and incomplete whether or not the markets are efficient is subject to much debate *Advances in Small Business Finance* presents a variety of research studies that indicate the unique roles of

debt and equity and the sources of funds for small firms This book contributes important insight into major questions that face small firms financiers managers and owners on a daily basis Many of the studies in this volume deal with aspects of valuation of the small firm In some instances the focus is on the firm's ability to attract debt or equity and in others the emphasis is on valuation of the small firm's capital Constand Osteryoung and Nast focus on the determinants of capital structure for small firms that are privately owned and are highly dependent on commercial loans as their supply of debt Timothy Bates examines firm viability and finds that surviving firms are those that began with greater initial capital create new jobs and are led by entrepreneurs who are better educated
