**Poem Unlimited** David Kerler, Timo Müller, 2019-09-23 Questions of genres as well as their possible definitions, taxonomies and functions have been discussed since antiquity. Even though categories of genre today are far from being fixed, they have for decades been upheld without question. The goal of this volume is to problematize traditional definitions of poetic genres and to situate them in a broader socio-cultural, historical and theoretical context. The contributions encompass numerous methodological approaches including hermeneutics, poststructuralism, reception theory, cultural studies, gender studies, periods, Romanticism, Modernism, Postmodernism, genres, elegy, sonnet, visual poetry, performance poetry, hip hop, as well as languages and national literatures. From this interdisciplinary and multi-methodological perspective, genres, periods, languages and literatures are put into fruitful dialogue; new perspectives are discovered and suggestions for further research are provided.
