Smiling David The Story Of David Oluwale:

Smiling David Jeremy Sandford, 1974 Summary Shows children performing some of the games from the book of the same name by Lesley Cox The Hounding of David Oluwale Kester Aspden, 2012-03-31 David Oluwale's story has a raw power and Kester Aspden makes it relevant for the reader of today Mishal Husain An award winning microhistory that examines the death of David Oluwale and institutionalised police racism in Britain When in May 1969 the body of David Oluwale was found in the River Aire near Leeds few questions were asked about the circumstances of his death Oluwale was homeless and had spent time in a psychiatric hospital an immigrant from Nigeria who was trapped in a system that had failed him miserably Eighteen months later a lengthy campaign of harassment by two Leeds policemen was uncovered Oluwale became national news in Britain and a symbol for its black community This extraordinary book draws on original archival material only recently released to revisit one of the most chilling crimes in British history and at the same time raises questions as relevant today as they were at the end of the sixties Winner of the CWA Gold Dagger for Non Fiction 2008 Aspden's painstaking research empathetic approach and ability to weave together a vivid wider social critique show Oluwale was done a terrible disservice Metro **The battle of Britishness** Tony Kushner, 2017-10-03 This pioneering study of migrant journeys to Britain begins with Huguenot refugees in the 1680s and continues to asylum seekers and east European workers today Analyzing the history and memory of migrant journeys covering not only the response of politicians and the public but also literary and artistic representations then and now Kushner's volume sheds new light on the nature and construction of Britishness from the early modern era onwards It is an essential tool for those wanting to understand why people come to Britain or are denied entry and how migrants have been viewed by state and society alike The journeys covered vary from the famous including the Empire Windrush in 1948 to the obscure such as the Volga German transmigrants passing through Britain in the 1870s While employing a broadly historical approach Kushner incorporates insights from many other disciplines and employs a comparative methodology to highlight the importance of the symbolic as well as the physical nature of such journeys **Diaspora, Law and Literature** Klaus Stierstorfer, Daniela Carpi, 2016-11-07 The well known challenges of international migration have triggered new departures in academic approaches with diaspora studies evolving as an interdisciplinary and even transdisciplinary field of study Its emerging methodology shares concerns with another interdisciplinary field the study of the relations between law and literature which focuses on the ways in which the two cultural practices of law and literature mutually negotiate each other and on the question after the ontological commensurability of the domains This volume offers for the first time an attempt to provide an interface between these overlapping interdisciplinary endeavours of literary studies legal studies and diaspora studies In doing so it explores new approaches and invites new perspectives on diasporas migration and the disciplines that study them hopefull also adding to the cultural resources of coping with a swiftly changing social landscape in a globalizing world *Writing Audio Drama* Tim

Matthew Hilton, James McKay, Nicholas Crowson, Jean-François Mouhot, 2013-04-25 The Politics of Expertise offers a challenging new interpretation of politics in contemporary Britain through an examination of non governmental organisations Using specific case studies of the homelessness environment and international aid and development sectors it demonstrates how politics and political activism has changed over the last half century NGOs have contributed enormously to a professionalization and a privatization of politics emerging as a new form of expert knowledge and political participation They have been led by a new breed of non party politician working in collaboration and in competition with government Skilful navigators of the modern technocratic state they have brought expertise to expertise and in so doing have changed the nature of grassroots activism As affluent citizens have felt marginalised by the increasingly complex nature of many policy solutions they have made the rational calculation to support NGOs the professionalism and resources of which make them better able to tackle complex problems Yet in doing so support rather than participation becomes the more appropriate way to describe the relationship of the public to NGOs As voter turnout has declined membership and trust in NGOs has increased But NGOs are very different types of organisations from the classic democratic institutions of political parties and the labour movement They maintain different and varied relationships with the publics they seek to represent Attracting mass support has provided them with the resources and the legitimacy to speak to power on a bewildering range of issues yet perhaps the ultimate victors in this new form of politics are the NGOs themselves **Routledge Library Editions:**
