Business of Travel and Tourism in the 21st Century: A Caribbean Approach Angela B. Cleare, 2016-11-28 A comprehensive tourism manual with contributions from top industry experts from The Bahamas and the Caribbean Designed primarily for high school and college students in the Caribbean region as well as those interested in furthering their tourism career I congratulate and thank Angela Cleare and her contributing partners for this outstanding contribution to travel and tourism literature from a Caribbean perspective It is obvious that a great deal of work has gone into this well-written book which covers all the elements of the travel and tourism industry as they relate to the region I believe this will be not only an indispensable textbook for teachers and students and a handbook for investors and others directly involved in the industry but also a publication of interest to all of us who are in one way or another affected by the industry I am particularly pleased to see the attention paid to ecotourism and the relationship between the industry and the environment Arthur A Foulkes

Colony and Empire William G. Robbins, 1994 Popular writers and historians alike have perpetuated the powerful myth of the rugged individualist single-handedly transforming the American West In reality William Robbins counters it was the Guggenheims

and Goulds the Harrimans and Hearsts and the Morgans and Mellons who masterminded what the West was to become Remove the romance he shows and a darker West emerges a colonial like region where industrial statesmen aided by eastern U S and European capital manipulated investments in pursuit of private gain while controlling wage earning cowboys and miners Robbins argues that understanding the impact of capitalism on the West from the fur trade era to the present is essential to understanding power influence and change in the region Showing how global capitalism had a more profound impact on the modern West than individual initiative he explores violence and racism along the Texas Mexican border colonial style company towns in Montana and the Northwest contrasting traditions astride the U S Canadian boundary pace setting agribusiness and exploitation of labor in California the growing power of metropolitan centers and dependence of rural areas and the emergence of a sizable federal influence To grasp the essence of the West s dramatic transformation Robbins contends you must look to the mainstays of material relations in the region the perpetually changing character of political and economic culture the inherent instability of resources and the larger constellations of capitalist decision making Consequently he shows shy Western success and failure prosperity and misfortune and expansion and decline were all inseparably linked to the evolution of capitalism at the local regional national and global levels In the tradition of Patricia Nelson Limerick s Legacy of Conquest Robbins s study challenges some of our most revered images of the West and

Comprehensive Calendar of Bicentennial Events , Science and the Pacific War Roy M. MacLeod,1999-12-31 In

1995 the fiftieth anniversary of the end of the Second World War occasioned many reflections on the place of science and technology in the conflict That the war ended with Allied victory in the Pacific theatre inevitably focussed attention upon the Pacific region and particularly upon the Manhattan project and its outcome It was in the Pacific that Western physics and engineering gave birth to the Atomic Age However the Pacific war had also proved a testing time and a testing space for other disciplines and institutions Extreme environments and operational distances and the fundamental demands of logistics required the Allies and the Japanese to innovate many scientific and technological practices Just as medicine and botany were called upon to fight tropical diseases and insect pests so engineers anthropologists and geographers were called upon to understand local conditions and climates and to work with local peoples whose traditional lives were changed forever by the experience At the same time the war played midwife to a host of new developments not least in scientific intelligence and in chemical and biological weapons which were to acquire far greater importance after 1945
