The Poetry and Poetics of Gerald Vizenor
 Deborah L. Madsen, 2012-12-01

The first book devoted exclusively to the poetry and literary aesthetics of one of Native America's most accomplished writers, this collection of essays brings together detailed critical analyses of single texts and individual poetry collections from diverse theoretical perspectives along with comparative discussions of Vizenor's related works. Contributors discuss Vizenor's philosophy of poetic expression, his innovations in diverse poetic genres, and the dynamic interrelationships between Vizenor's poetry and his prose writings. Throughout his poetic career, Vizenor has returned to common tropes, themes, and structures. Indeed, it is difficult to distinguish clearly his work in poetry from his prose fiction and drama. The essays gathered in this collection offer powerful evidence of the continuing influence of Anishinaabe dream songs and the haiku form in Vizenor's novels, stories, and theoretical essays. This influence is most obvious at the level of grammatical structure and imagistic composition but can also be discerned in terms

of themes and issues to which Vizenor continues to return Current Topics in Language and Literature Nataša Bakić-Mirić, 2019-03-25 This volume brings together 15 peer reviewed papers which discuss numerous current topics in language and literature It synthesizes various contemporary practical topics in post secondary education written by active researchers and practitioners in their respective areas By using research methods such as mixed methods case studies discourse analysis grounded theory and the repertory grid the contributors offer insights into the ways in which higher education continuously changes and evolves to face constant challenges resulting from new instructional practices Taking this into consideration this book will help educators researchers and students to keep up with these changes and to stay aware of contemporary issues relating to post secondary education Transatlantic German Studies Paul Michael Lützeler, Peter Höyng, 2018 The prominent scholar contributors to this volume share their experiences developing the field of US German Studies and their thoughts on literature and interdisciplinarity pluralism and diversity and transatlantic dialogue
