Studies in Irish Literature and History, by James Carney James Carney,1955 *A History of Irish Literature and the Environment* Malcolm Sen,2022-07-28 From Gaelic annals and medieval poetry to contemporary Irish literature A History of Irish Literature and the Environment examines the connections between the Irish environment and Irish literary culture Themes such as Ireland s island ecology the ecological history of colonial era plantation and deforestation the Great Famine cultural attitudes towards animals and towards the land the postcolonial politics of food and energy generation and the Covid 19 pandemic this book shows how these factors determine not only a history of the Irish environment but also provide fresh perspectives from which to understand and analyze Irish literature An international team of contributors provides a comprehensive analysis of Irish literature to show how the literary has always been deeply engaged with environmental questions in Ireland a crucial new perspective in an age of climate crisis A History of Irish Literature and the Environment reveals the socio cultural racial and gendered aspects embedded in questions of the Irish environment *Irish Literature* Patricia Coughlan,Tina O'Toole,2008 Feminist perspectives on Irish literature *Literature in Ireland: Studies Irish and Anglo-Irish (Classic Reprint)* Thomas MacDonagh,2015-07-14 Excerpt from *Literature in Ireland* Studies Irish and Anglo Irish These Studies in Irish and Anglo Irish Literature are frankly experimental In them I have tried to clear away certain misconceptions to fix certain standards to define certain terms I trust that as a result the Irish Mode will be better understood and appreciated than the Celtic Note for which I substitute it My exclusion from the scope of these inquiries of the Hiberno English writers of the eighteenth century has already provoked protests from my friends They do indeed form a band apart in English Literature with the common characteristic of adventurous and haughty individualism But to me who look rather from the Gaelic stand point the attitude of Swift Steele Sheridan Burke Goldsmith and the rest for all that they have in common and for all that they owe to their Irish birth or upbringing is an attitude rather of dissent from an English orthodoxy than of consent in an orthodoxy of their own or of Ireland s About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Routledge International Handbook of Irish Studies* Renée Fox,Mike Cronin,Brian Ó Conchubhair,2020-12-30 Routledge International Handbook of Irish Studies begins with the reversal in Irish fortunes after the 2008 global economic crash The chapters included address not only changes in post Celtic Tiger Ireland but also changes in disciplinary approaches to Irish Studies

that the last decade of political economic and cultural unrest have stimulated Since 2008 Irish Studies has been directly and indirectly influenced by the crash and its reverberations through the economy political landscape and social framework of Ireland and beyond Approaching Irish pasts presents and futures through interdisciplinary and theoretically capacious lenses the chapters in this volume reflect the myriad ways Irish Studies has responded to the economic precarity in the Republic renewed instability in the North the complex European politics of Brexit global climate and pandemic crises and the intense social change in Ireland catalyzed by all of these Just as Irish society has had to dramatically reconceive its economic and global identity after the crash Irish Studies has had to shift its theoretical modes and its objects of analysis in order to keep pace with these changes and upheavals This book captures the dynamic ways the discipline has evolved since 2008 exploring how the age of austerity and renewal has transformed both Ireland and scholarly approaches to understanding Ireland It will appeal to students and scholars of Irish studies sociology cultural studies history literature economics and political science Chapter 3 5 and 15 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
