Studies In Symbolic Interaction Vol 19 Studies In Symbolic Interaction:

Studies in Symbolic Interaction Norman K. Denzin, 2021-11-10 Volume 53 of Studies in Symbolic Interaction is divided into three parts providing contemporary readings of social situations including interpreting translational science an analysis of the Phantasmal in Qualitative Research and Miami s Sea level Rise Committee **Festschrift in Honor of Norman K. Denzin** Shing-Ling S. Chen, 2022-10-17 Due to his major contributions in qualitative inquiries Norman K Denzin is regarded as the Father of Qualitative Inquiries Volume 55 of Studies in Symbolic Interaction is a compilation of writings published in his honor *Interactionism* Paul Atkinson, William Housley, 2003-03-27 Atkinson and Housley have produced a book that is a very competent interesting and useful addition to other work in the field Its distinctive contribution for me lies in the exploration of the relationship between and developments within interactionist sociologies Sociology What is symbolic interactionism This refreshing and authoritative book provides readers with A guide to the essential thinking research and concepts in interactionism A demonstration of the use of the interactionist approach An explanation of why the interactionist influence has not been fully acknowledged in Britain The authors argue that few sociologists in Britain have identified themselves with symbolic interactionism even though many have engaged with interactionist ideas in their research and methodological work We are all interactionists now in the sense that many of the key ideas of interactionism have become part of the mainstream of sociological thought Currently fashionable approaches to sociology display a kind of collective amnesia A good deal of today s ideas that are presented as novel or innovative only appear so because earlier contributions interactionism among them are not explicitly acknowledged *Research in the Social Scientific Study of Religion, Volume 7*, 2021-11-22 The purpose of this book is to provide an outlet for original research articles examining the role and value of religious and spiritual constructs across the social sciences The aim of the series is to include an international and interfaith voice to this research dialogue An effort is made to be interdisciplinary and academically eclectic The articles in each volume represent a wide array of perspectives and research projects Most of the articles report the findings of quantitative or qualitative investigations but some deal with methodology theory or applications of social science studies in the field of religion and some are applied demonstrating the relevance of the social sciences to religious organizations and their clergy The value of the volume is that it gives to researchers in this area a broad perspective on the issues and methods of religious research across a spectrum of academic disciplines The aim of the book is to stimulate a creative integrative dialogue that will enhance interdisciplinary research **Symbolic Interactionism: The Basics** Charles Quist-Adade, 2019-03-15 This book is a survey of Symbolic Interaction In thirteen short chapters it traces the history the social philosophical roots the founders movers and shakers and evolution of the theory Symbolic Interactionism The Basics takes the reader along the exciting but tortuous journey of the theory and explores both the meta theoretical and mini theoretical roots and branches of the theory Symbolic interactionism or sociological social psychology traces its roots to the works of United States sociologists George

Hebert Mead Charles Horton Cooley and Herbert Blumer and a Canadian sociologist Erving Goffman Other influences are Harold Garfinkel's Ethnomethodology and Austrian American Alfred Schutz's study of Phenomenology Symbolic Interactionism Basics explores the philosophical sources of symbolic interactionism including pragmatism social behaviorism and neo Hegelianism The intellectual origins of symbolic interactions can be attributed to the works of William James George Simmel John Dewey Max Weber and George Herbert Mead Mead is believed to be the founder of the theory although he did not publish any academic work on the paradigm The book highlights the works of the intellectual heirs of symbolic interactionism Herbert Blumer Mead's former student who was instrumental in publishing the lectures his former professor posthumously with the title Symbolic Interactionism Erving Goffman and Robert Park

SAGE Qualitative Research Methods Paul Atkinson, Sara Delamont, 2010-11-17 SAGE has been a major force shaping the field of qualitative methods not just in its specialist methods journals like Qualitative Inquiry but in the empirical journals such as Social Studies of Science Delving into SAGE's deep backlist of qualitative research methods journals Paul Atkinson and Sara Delmont editors of Qualitative Research have selected over 70 articles to represent SAGE's distinctive contribution to methods publishing in general and qualitative research in particular This collection includes research from the past four decades and addresses key issues or controversies such as explanations and defences of qualitative methods ethics research questions and foreshadowed problems access first days in the field field roles and rapport practicalities of data collection and recording data analysis writing and re presentation the rise of auto ethnography life history narrative and autobiography CA and DA and alternatives to the logocentric such as visual methods

The Drama of Social Life Charles Edgley, 2016-03-23 Whatever else they may be doing human beings are also and always expressing themselves whenever they are in the awareness of others As such the metaphor of life as theater of people playing roles to audiences who review them and then coordinate further action is an ancient idea that has been resurrected by social scientists as an organizing simile for the analysis and understanding of social life The Drama of Social Life examines this dramaturgical approach to social life bringing together the latest original work from leading contemporary dramaturgical thinkers across the social sciences Thematically organized it explores the work of classical and contemporary thinkers who have contributed most to this theoretical framework the foundational concepts of the dramaturgical approach a rich array of substantive areas of empirical investigation to which dramaturgy continues to contribute directions for future dramaturgical thinking An indispensable collection that updates and extends the dramaturgical framework The Drama of Social Life will appeal to scholars and students of sociology social psychology performance studies cultural studies communication film studies and anthropology and all those interested in the work of Goffman and symbolic interactionist theory and practice

Interpretive Ethnography Norman K. Denzin, 1997 Norman K Denzin ponders the prospects problems and forms of ethnographic interpretive writing in the twenty first century He argues that postmodern ethnography is the moral discourse of the contemporary world and that ethnographers can and should

explore new types of experimental texts to form a new ethics of inquiry *Social Organization and Social Process* David Maines, 2024-11-01 The essays gathered in this volume contain analyses based on the general action perspective of Chicago sociology and in particular on the contributions of Anselm L Strauss whose lengthy achievement this volume honors

People, Technology, and Social Organization Dirk vom Lehn, Will Gibson, Natalia Ruiz-Junco, 2023-10-19 This insightful and accessible book is a response to the increasing important role that technology plays in everyday life and the urgent need for empirical studies that analyse the impact of technology on social practices The chapters in this co edited collection reveal how technology is oriented to and embedded within the social organization of action in a wide range of settings and institutions including education markets arts and culture health and social care media politics and science In their analyses the contributing authors adopt interactionist perspectives to explore how the meanings of technology emerge and are negotiated within and through action and interaction The volume comprises 14 empirical chapters from authors working in fields such as symbolic interactionism ethnomethodology conversation analysis discourse methods ethnographic enquiry video based methods and others The chapters are framed by an introduction and a concluding discussion by the co editors which draws out the key themes and issues that the individual chapters speak to and show the importance of these themes for the social sciences and for society The book is primarily aimed at researchers in the social sciences including sociology social psychology organization studies and beyond whose work is concerned with the interplay between social interaction technology and institutions
