Studies In Theory Of Ideology:

Studies in the Theory of Ideology John B. Thompson, 2023-11-10 The study of ideology has traditionally been concerned not only with political ideas and doctrines but also with the ways in which social relations are sustained through the representation of institutions and events These traditional concerns have been transformed in recent years by investigations into the nature of language and its role in social life Exploring the links between language and ideology has become one of the most pressing tasks of social and political analysis In this volume John B Thompson examines some of the outstanding contemporary contributions to the study of ideology He focuses primarily on European social theorists and philosophers providing concise and critical appraisals of their work In addition to assessing the contributions of well known thinkers such as Jurgen Habermas and Paul Ricoeur Thompson introduces the reader to a rich variety of authors who have been neglected in the English speaking world Cornelius Castoriadis Claude Lefort Pierre Bourdieu Michel Pecheux Jean Pierre Faye This work of these authors is analyzed with a constructive aim through a sympathetic assessment of their views Thompson formulates the elements of a novel account of ideology By addressing substantive and methodological issues as well as abstract questions of justification and critique this account seeks to integrate sociological and philosophical considerations in a unified framework for the analysis of ideology Studies in the Theory of Ideology will be essential reading for anyone interested in the most important developments in European philosophy and modern social thought This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984

The Function of Theory in Composition Studies Raul Sanchez, 2012-02-01 How can theory improve our knowledge of writing Raul Sanchez answers this question by examining dominant theoretical trends in composition studies over the last fifteen years citing their common origins in a narrow representational metatheory of writing He argues that this adherence actually leads the field away from its objects of study writing and the writing subject Through this extended critique he elaborates an alternative metatheory one that restores writing to the conceptual center of composition studies by emphasizing its generative rather than its representational characteristics particularly in increasingly networked and textualized cultures

The Symbolic, the Sublime, and Slavoj Zizek's Theory of Film M. Flisfeder, 2016-01-20 Returning to questions about ideology and subjectivity Flisfeder argues that Slavoj Zizek's theory of film aims to re-politicize film studies and film theory bringing cinema into the fold of twenty first century politics

Research Handbook on Critical Legal Theory Emiliios Christodoulidis, Ruth Dukes, Marco Goldoni, 2019 Critical theory characteristically linked with the politics of theoretical engagement covers the manifold of the connections between theory and praxis This thought provoking Research Handbook captures the broad range of those connections as far as legal thought is concerned and retains an emphasis both on the politics of theory and on the notion of theoretical engagement The first part examines the question of definition and tracks the origins and development of critical legal theory along its European and North American trajectories The second part looks at the thematic connections between the development of legal theory and other currents of critical thought such as Feminism Marxism Critical Race Theory varieties of post modernism as well as the various turns ethical aesthetic political of critical legal theory The third and final part explores particular fields of law addressing the question how the field has been shaped by critical legal theory or what critical approaches reveal about the field with the clear focus on opportunities for social transformation *History, Theory, Text* Elizabeth A. Clark, 2009-07-01 A historian of early Christianity considers various theoretical critiques to examine the problems and opportunities posed by the ways in which history is written Clark argues for a renewal of the study of premodern Western history through engagement with the critical methods that have transformed other humanities disciplines in recent decades **Handbook of Curriculum Theory, Research, and Practice** Peter Pericles Trifonas, Susan Jagger, 2024-02-22 This Handbook paints a portrait of what the international field of curriculum entails in theory research and practice It represents the field accurately and comprehensively by preserving the individual voices of curriculum theorist researchers and practitioners in relation to the ideas rules and principles that have evolved out of the history of curriculum as theory research and practice dealing with specific and general issues Due to its approach to both specific and general curriculum issues the chapters in this volume vary with respect to scope Some engage the purposes and politics of schooling in general Others focus on particular topics such as evaluation the use of instructional objectives or curriculum integration They illustrate recurrent themes and historical antecedents and the curricular debates arising from and grounded in epistemological traditions Furthermore the issues raised in the handbook cut across a variety of subject areas and levels of education and how curricular research and practice have developed over time This includes the epistemological foundations of dominant ideas in the field around theory research and practice that have led to marginalization based on race class gender sexuality ethnicity age religion and ability The book argues that basic curriculum issues extend well beyond schooling to include the concerns of anyone interested in

how people come to acquire the knowledge skills and values that they do in relation to subjectivity and experience

Literary Theory and Criticism Patricia Waugh, 2006 This volume offers a comprehensive account of modern literary criticism presenting the field as part of an ongoing historical and intellectual tradition Featuring thirty nine specially commissioned chapters from an international team of esteemed contributors it fills a large gap in the market by combining the accessibility of single authored selections with a wide range of critical perspectives The volume is divided into four parts Part One covers the key philosophical and aesthetic origins of literary theory while Part Two discusses the foundational movements and thinkers in the first half of the twentieth century Part Three offers introductory overviews of the most important movements and thinkers in modern literary theory and Part Four looks at emergent trends and future directions

Social Studies and Diversity Education Elizabeth E. Heilman, Ramona Fruja Anthor, Matthew T. Missias, 2010 The preparation of social studies teachers is crucial not only to the project of good education but even more broadly to the cultivation of a healthy democracy and the growth of a nation of citizens This one of a kind resource features ideas from over 100 of the field's most thoughtful teacher educators reflecting on their best practices and offering specific strategies through which future teachers can learn to teach thus illuminating the careful planning and deep thinking that go into the preparation of the social studies teachers While concentrating on daily teaching realities such as lesson planning and meeting national state or provincial standards each contributor also wrestles with the most important current issues on educating teachers for today's increasingly diverse complex and global society Features of this unique teaching resource include Volume sections that are arranged by both disciplinary organization and approach or activity Thoughtful introductory section essays that conceptualize each theme providing a conscientious theoretical overview and analysis of each individual section Rich and concrete examples of best practice from some of the field's most diverse and highly regarded scholars and teacher educators An index that identifies the appropriate teaching level and teacher education context and links the strategies and ideas that are presented in the essay to the relevant INTASC and NCSS standards for quick reference in classroom planning as well as institutional development and implementation A much needed addition to the field this comprehensive volume will be of value to any teacher interested in social studies or diversity education across age groups and educational contexts

Central Problems in Social Theory Anthony Giddens, 1979-11-29 One of the most creative among the younger generation of critical social theorists Giddens stands alone in his concern for the classical tradition on sociology but he also makes brilliant use of the latest philosophical and theoretical work of several contemporary schools and disciplines A very important book for all of social science Jeffrey C Alexander
