Studies In Genesis One:

Studies in Genesis One Edward Joseph Young, 1964 **From Creation to Babel: Studies in Genesis 1-11** John Day, 2014-04-24 The stories of Genesis 1-11 constitute one of the better known parts of the Old Testament but their precise meaning and background still provide many debated questions for the modern interpreter In this stimulating learned and readable collection of essays which paves the way for his forthcoming ICC commentary on these chapters John Day attempts to provide definitive solutions to some of these questions Amongst the topics included are the background and interpretation of the seven day Priestly Creation narrative problems in the interpretation of the Garden of Eden story the relation of Cain and the Kenites the strange stories of the sons of God and daughters of men and of Noah's drunkenness and the curse of Canaan the precise ancient Near Eastern background of the Flood story and the preceding genealogies and the meaning and background of the story of the tower and city of Babel Throughout this volume John Day constantly seeks to determine the original meaning of these stories in the light of their ancient Near Eastern background and to determine how far this original meaning has been obscured by later interpretations **Studies in Genesis One** Edward Joseph Young, 1982-02

Systematic Theology, Volume One Stephen J. Wellum, 2024-02-15 Stephen Wellum's Systematic Theology Volume One is a Trinitarian reformational and baptistic systematic theology committed to serious evangelical engagement with the Scriptures Building on decades of research Wellum formulates doctrine exegetically covenantally and canonically for a new generation of students pastors church leaders and seasoned theologians as well **The Glory of Kings** Peter J. Leithart, John Barach, 2011-09-01 Over the past several decades Reformed theologian and biblical scholar James B Jordan has produced a unique body of work His electrifying commentaries and essays on Scripture along with his penetrating writings on Trinitarian theology liturgics music and culture have inspired a growing number of pastors and theologians In this Festschrift Jordan's friends and associates celebrate his contributions by applying his methods and insights to a range of biblical theological liturgical and cultural questions The Glory of Kings aims to bring Jordan's work to the attention of a wider audience and to introduce the work of a scholar that R R Reno has called one of the most important Christian intellectuals of our day The Lost World of Genesis One John H. Walton, 2010-07-21 In this astute mix of cultural critique and biblical studies John H Walton presents and defends twenty propositions supporting a literary and theological understanding of Genesis 1 within the context of the ancient Near Eastern world and unpacks its implications for our modern scientific understanding of origins

Scoffers Simon Turpin, 2021-08-25 The pervasive influence of unbelievers is a force that demands an answer from the body of Christ Scoffers Responding to Those Who Deliberately Overlook Creation and the Flood offers a strong defense for biblical authority equipping believers to stand firm preach the truth and make disciples The reality of the biblical account of the Flood is that it is a horrifying account of judgment but also one of glorifying redemption The scoffers of Peter's day were very much like modern day skeptics in that they deliberately overlook the facts of biblical history The cost of their unbelief is

catastrophic even within the Christian church Author Simon Turpin the executive director of Answers in Genesis in the U K prepares us to confidently counter the philosophical bias of scoffers by Revealing how the Gospel of salvation can only be understood in light of the Genesis account of a six day creation and the global Flood Providing an in depth analysis of 2 Peter 3 to defend the biblical account of Creation against the false notions propagated by scoffers Presenting a strong defense for the coming of Christ and Christianity for those who have rejected the truths found in Genesis 1 11 Scoffers gives today s Christian families and leaders a strong defense for the authority of God s Word helping the Church to withstand in the evil day and having done all to stand Ephesians 6 13 *Plundering the Egyptians* John J. Yeo, 2009-11-16 *Plundering the Egyptians* focuses on the study of the Old Testament at Westminster Theological Seminary from 1929 to 1998 More specifically it presents the lives and academic labors of Robert Dick Wilson 1929 1930 Edward Joseph Young 1936 1968 Raymond Bryan Dillard 1969 1993 and Tremper Longman III 1981 1998 These featured scholars were highly influential in changing the shape of Old Testament studies at Westminster through the introduction of novel scholarly tools and ideas that reveal methodological and theological development Their individual historical contexts scholarly contributions and interactions with historical critical scholarship are presented and analyzed Modifications in their respective methodologies are highlighted and often indicate significant shifts within the Old Princeton Westminster trajectory from an anti critical stance toward a position of openness toward historical critical methodology and its conclusions The implications of these shifts within Westminster are important because they mirror the current changes and challenges in evangelicalism today

Creation David Fergusson, 2014-09-21 Creation in scripture Creatio ex nihilo Creation and fall The providence of God Deism and natural theology Evolution and cosmic fine tuning Animals the environment and extraterrestrials **The Created Cosmos** Danny Faulkner, 2016-07-29 This text investigates what the Bible has to say about astronomical objects and phenomena The Bible contains many mentions of astronomical things beginning with creation and concluding with end time prophecies Besides the sun and moon the Bible names groups of stars Orion the Pleiades and the bears In addition to what the biblical record shows about astronomical phenomena many people think that it teaches things that it actually does not teach These concepts are examined in depth as well Unique among books discussing the intersection of biblical text and astronomy because of the range of questions explored and answered definitive work that explores many popular questions and misconceptions about the universe and the Bible Sorts fact from fiction and truth from popular myths as the true purpose of these enigmatic lights in the night sky are revealed Creation Out of Nothing Paul Copan, William Lane Craig, 2004-06 Addresses the biblical philosophical and scientific bases for the doctrine of creation out of nothing while countering contemporary trends that are assailing this doctrine Studies in the Pentateuch J.A. Emerton, 2014-09-03 This collection of thirteen articles in English by scholars from several countries concerns questions in the Pentateuch Seven are on the book of Genesis the use of d m in Genesis i v the Toledot of Adam Genesis x in the light of Babylonian geography the site of Salem the

date and composition of Genesis xiv Abraham s righteousness in Genesis xv 6 the Hagar tradition in Genesis xvi and xxi Three are on Deuteronomy Yahweh is one return to Egypt in Deuteronomy xvii 16 and xxviii 68 the creed in Deuteronomy xxvi There are also essays on the Elohist depiction of Aaron the wilderness itineraries and recent archaeological research and the dietary laws of the Pentateuch Substantial contributions are made to the study of different parts of the Pentateuch

Old School, New Clothes Ronald E. Hoch, David P. Smith, 2011-09-09 Is much of Christian education in America distinctly Christian Ron Hoch and David Smith say No Instead it is guilty of having adopted an ideology and methodology that strips it of the right to call itself Christian and the ability to fulfill a truly Christian mission The authors claim that the fundamentally humanistic ideology of the West conditions and controls much of what is labeled Christian education By talking about the need to integrate faith and learning focusing on teaching methodology and operating schools in virtually the same way as government run schools many Christian academics betray captivity to the dogma that humans are the measure of all things and need to do what God has already done As a result much of what controls the conversation and practices in Christian academia echoes the humanistic arrogance of the West and offers no substantive alternative to it In *Old School New Clothes* Hoch and Smith issue a call for Christian academics to own up to their own confession that all reality was created and integrated by God damaged by sin and has already been reintegrated in and by Jesus Thus the emphasis in Christian education ought not to be what Christian educators are doing to redeem the culture but on what God is bringing to the Church in order to redeem sinners Only by recognizing that all human knowledge claims in every sphere are inherently theological and that God is truly seen in and experienced through knowledge of all things will a distinctly Christian education be forged Christian education must primarily emphasize the reintegration or redemption of teachers brought through right knowledge of Jesus that comes through every subject discipline and expressed in a life balanced on Sabbath work and family

Reformed Systematic Theology, Volume 2 Joel Beeke, Paul M. Smalley, 2020-11-16 The aim of systematic theology is to engage not only the head but also the heart and hands Only recently has the church compartmentalized these aspects of life separating the academic discipline of theology from the spiritual disciplines of faith and obedience This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights characterized by a simple accessible comprehensive Reformed and experiential approach In this volume Joel R Beeke and Paul M Smalley shift from the doctrine of God theology proper to the doctrine of humanity anthropology and the doctrine of Christ Christology This extensive reformed theology explores the Bible s teaching about who we are and why we were created as well as who Jesus is and why his divinity is essential to the Christian faith *Israelite Religions* Richard S. Hess, 2007-10-15 Helps readers consider the importance of contemporary archaeological discoveries and juxtapose them with the biblical narrative to understand ancient Israelite religions *Jacob in Jubilees* Topias K.E. Tanskanen, 2025-07-21 The patriarch Jacob functions as the main character in Jubilees one of the most important early Jewish texts outside the Bible This study

investigates two important connections made by the author of Jubilees Jacob and the Torah and Jacob and the Abrahamic Promise Gen 12 1 3 and parallels both of which play an important role in Jubilees Jacob functions as the perfect Israelite who follows the Deuteronomic commandments addressed to Israel in the second person singular to the utmost and thus exemplifies the holy seed or rest of Israel who will also inherit the Abrahamic Promise when they fulfil the Torah as Jacob did Esau functions as an archetype of the apostate Israelite who will be left outside of the Promise The study illuminates the early reception history of the Abrahamic Promise and its close connection with Deuteronomy It gives background for scholars of early Judaism and Christianity dealing with the reception of the Law and the Promise as well as of the parting of Judaism and Christianity where different readings of the patriarchal stories were influential e g Sifre Deuteronomy **Judaism's Story of Creation** Jacob Neusner, 2021-09-06 During the formative age of Judaism the first seven centuries CE the great rabbis thought deeply about beginnings in light of endings They imposed upon their sequential reading of each passage the accumulated results of their reflection about all passages Thus they encompassed Scripture so as to describe the world as God had intended it to be This act of intellect resulted in two distinct ahistorical media of thought and expression the Halakhah law and Aggadah lore The author provides three systematic accounts of the Halakhic reading and two Aggadic accounts The Halakhic accounts cover 1 Work and Rest 2 Ownership and Possession Eden and the Land and 3 Ownership and Possession in the Household The Aggadic accounts pertain to 1 the Six Days of Creation and 2 Adam and Eve The Lost Matriarch Jerry Rabow, 2014-09-01 Published by the University of Nebraska Press as a Jewish Publication Society book

Plato's Timaeus and the Biblical Creation Accounts Russell E. Gmirkin, 2022-05-02 Plato's Timaeus and the Biblical Creation Accounts argues that the creation of the world in Genesis 1 and the story of the first humans in Genesis 2 3 both draw directly on Plato's famous account of the origins of the universe mortal life and evil containing equal parts science theology and myth This book is the first to systematically compare biblical Ancient Near Eastern and Greek creation accounts and to show that Genesis 1 3 is heavily indebted to Plato's Timaeus and other cosmogonies by Greek natural philosophers It

argues that the idea of a monotheistic cosmic god was first introduced in Genesis 1 under the influence of Plato's philosophy and that this cosmic Creator was originally distinct from the lesser terrestrial gods including Yahweh who appear elsewhere in Genesis. It shows the use of Plato's *Critias* the sequel to *Timaeus* in the stories about the Garden of Eden, the intermarriage of the sons of God and the daughters of men, and the biblical flood. This book confirms the late date and Hellenistic background of Genesis 1-11, drawing on Plato's writings and other Greek sources found at the Great Library of Alexandria. This study provides a fascinating approach to Genesis that will interest students and scholars in both biblical and classical studies, philosophy, and creation narratives.
