Williams, 2009-07-21 A Choice Magazine Outstanding Academic Book Spanish American novels of the Boom period 1962 1967 attracted a world readership to Latin American literature but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century Indeed the desire to be modern is a constant preoccupation in twentieth century Spanish American literature and thus a very useful lens through which to view the century's novels In this pathfinding study Raymond L Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century Using the desire to be modern as his organizing principle he divides the century's novels into five periods and discusses the differing forms that the modern took in each era For each period Williams begins with a broad overview of many novels literary contexts and some cultural debates followed by new readings of both canonical and significant non canonical novels A special feature of this

book is its emphasis on women writers and other previously ignored and or marginalized authors including experimental and gay writers Williams also clarifies the legacy of the Boom the Postboom and the Postmodern as he introduces new writers and new novelistic trends of the 1990s **Encyclopedia of Twentieth-Century Latin American and Caribbean Literature, 1900-2003** Daniel Balderston, Mike Gonzalez, 2004-02-12 The Encyclopedia of Twentieth Century Latin American and Caribbean Literature 1900 2003 draws together entries on all aspects of literature including authors critics major works magazines genres schools and movements in these regions from the beginning of the twentieth century to the present day With more than 200 entries written by a team of international contributors this Encyclopedia successfully covers the popular to the esoteric The Encyclopedia is an invaluable reference resource for those studying Latin American and or Caribbean literature as well as being of huge interest to those following Spanish or Portuguese language courses **The Post-boom in Spanish American Fiction** Donald L. Twentieth-Century Spanish American Fiction Naomi Lindstrom, 2013-12-06 Spanish American fiction became a world phenomenon in the twentieth century through multilanguage translations of such novels as Gabriel Garcia Marquez's *One Hundred Years of Solitude* Manuel Puig's *Kiss of the Spider Woman* Octavio Paz's *Labyrinth of Solitude* and Isabel Allende's *House of the Spirits* Yet these blockbusters are only a tiny fraction of the total rich outpouring of Spanish language literature from Latin America In this book Naomi Lindstrom offers English language readers a comprehensive survey of the century's literary production in Latin America excluding Brazil Discussing movements and trends she places the famous masterworks in historical perspective and highlights authors and works that deserve a wider readership Her study begins with Rod s famous essay *Ariel* and ends with Rigoberta Mench's 1992 achievement of the Nobel Prize Her selection of works is designed to draw attention whenever possible to works that are available in good English translations A special feature of the book is its treatment of the postboom period In this important concluding section Lindstrom discusses documentary narratives the new interrelations between popular culture and literary writing and underrepresented groups such as youth cultures slum dwellers gays and lesbians and ethnic enclaves Written in accessible nonspecialized language *Twentieth Century Spanish American Fiction* will be equally useful for general readers as a broad overview of this vibrant literature and for scholars as a reliable reference work *Graduate Programs in the Humanities, Arts & Social Sciences 2014 (Grad 2)*
