Christian Green, 2019-05-19 A shared interest of law and religion is the advancement of human flourishing yet there is no common understanding of what it means for humans to flourish and the means by which to attain a flourishing life The concept of human flourishing is especially important for Africa where community and national development compete with forces of conflict and scarce resources In the broadest sense the concept of human flourishing focuses our attention on having a comprehensively good or worthwhile life but various religious and legal traditions suggest different norms for measuring the quality of life and designing the institutional structures that could best facilitate and preserve it **Federal Reformulated Fuels Act of 2001** United States. Individual Criminal Responsibility in International Law Elies van Sliedregt,2012-03-01 This book examines the concept of individual criminal responsibility for serious violations of international law i e aggression genocide crimes against humanity and war crimes Such crimes are rarely committed by single individuals Rather international crimes generally connote a plurality of offenders particularly in the execution of the crimes which are often orchestrated and masterminded by individuals behind the scene of the crimes who can be termed intellectual perpetrators For a determination of individual guilt and responsibility a fair assessment of the mutual relationships between those persons is indispensable By setting out how to understand and apply concepts such as joint criminal enterprise superior responsibility duress and the defence of superior orders this work provides a framework for that assessment It does so by bringing to light the roots of these concepts which lie not merely in earlier phases of development of international criminal law but also in domestic law and legal doctrine The book also critically reflects on how criminal responsibility has been developed in the case law of international criminal tribunals and courts It thus illuminates and analyses the rules on individual responsibility in international law Draft International Development (Official Development Assistance Target) Bill Great Britain: Parliament: House of Commons:

International Development Committee, 2010-03-23 In 1970 the UN General Assembly called on the economically advanced countries to provide 0.7% of their income as Official Development Assistance ODA by the middle of the decade In 2004 the UK committed to meet the target by 2013 The Government proposes to enshrine in law its commitment to meet the target in 2010 and each subsequent year Whilst the legislation is widely welcomed the Committee remains uncertain that it will have the wider impact claimed The accountability measures contained in the draft Bill weaken the commitment and provide the Government with an easy excuse for not meeting the target The 2002 International Development Act stipulates that DFID s expenditure on ODA should have poverty reduction as its primary objective With increasing pressure to find additional finance for responding to climate change or to new types of security threats there is a danger that increased amounts of UK ODA will be used for purposes only marginally related to poverty reduction The Government must take appropriate steps to guard against this whether or not the Bill becomes law Ultimately the Committee supports the 0 7% goal and feels the UK should maintain and build on its reputation as a donor **Best-value Procurement Methods for Highway Construction Projects** Sidney Scott, National Cooperative Highway Research Program, 2006 Race and Redistricting Tinsley E. Yarbrough, 2002 Through much of the 1990s a newly hatched snake wreaked political havoc in the South When North Carolina gained a seat in Congress following the 1990 census it sought to rectify a long standing failure to represent African American voters by creating under federal pressure two majority minority voting districts One of these snaked along Interstate 85 for nearly two hundred miles not much wider than the road itself in some places and was ridiculed by many as one of the least compact legislative districts ever proposed From 1993 to 2001 three intertwined cases went before the Supreme Court that decided how far a state could go in establishing voting districts along racial lines Noted Supreme Court biographer Tinsley Yarbrough examines these closely linked landmark cases to show how the Court addressed the constitutionality of redistricting within the volatile contexts of civil rights and partisan politics A suit was first filed by Duke University law professor Robinson Everett a liberal who loathed discrimination but considered racially motivated redistricting a clear violation of the Fourteenth Amendment's equal protection clause Yarbrough tells how Everett enlisted associates as plaintiffs and went on to win two Supreme Court victories in Shaw v Reno 1993 and Shaw v Hunt 1996 both by 5 4 decisions Following the creation of another flawed redistricting plan he rounded up a new set of plaintiffs to take the battle back to the Supreme Court But this time in Easley v Cromartie on the swing vote of Justice Sandra Day O Connor the 5 4 vote went against him Yarbrough shows the significant impact these cases have had on election law and the fascinating interplay of law politics and human conflict that the dispute generated Drawing heavily on court records and on interviews with attorneys on both sides of the litigation he relates a complex and intriguing tale about these protracted struggles His cogent and balanced analysis considers whether the state legislature was wrong in using race as a measure for establishing the new district or whether it was simply engaging in the time honored practice of gerrymandering to ensure political

balance Race and Redistricting spotlights efforts to racially engineer voting districts in an effort to achieve fair representation By examining one state s efforts to confront such dilemmas it helps readers better understand future disputes over race and politics as well as the ongoing debates over our color blind constitution
