Suhartos Indonesia:

Violence and the State in Suharto's Indonesia Benedict R. O'G. Anderson, 2018-05-31 These essays investigate institutionalized violence in New Order Indonesia and the ongoing legacy Suharto's dictatorship has conferred on the nation. The collection includes papers on East Timor, Aceh, Biak, the police, and the Indonesian military among other topics. *Power and Political Culture in Suharto's Indonesia* Stefan Eklof, 2004-06-02 In the mid 1990s the formerly pliant Indonesian Democratic Party PDI was transformed into an active opposition party by Megawati Sukarnoputri, now President of Indonesia. The subsequent backlash from the Suharto regime ultimately led to its downfall. *Approaching Suharto's Indonesia from the Margins* Takashi Shiraishi, 2018-05-31 This text is the fourth and final volume in a series of essays by Japanese scholars of Southeast Asia. The authors examine issues such as the political styles and methodologies of Suharto's New Order government, the economic development of Indonesia under Suharto, and the economic and cultural relationship between Japan and Indonesia. **Indonesia Beyond Suharto** Donald K. Emmerson, 2015-05-20 This text presents an accessible introduction to the most significant problems facing Indonesia and raises issues for further investigations. It addresses such questions as how has Indonesia managed to remain one country and is there a truly national Indonesian culture. *The Politics of Post-Suharto Indonesia* Adam Schwarz, Jonathan Paris, 1999 This book responds to the critical need of policymakers, practitioners, and scholars for current research on Indonesia. **West Papua & Indonesia Since Suharto** Peter King, 2004 This book reviews the long guerilla struggle of the Organisasi Papua Merdeka (OPM) for a Free Papua and traces the rise of a non-violent independence movement alongside it, the Papua Council, following the fall from power of Indonesia's military dictator General Suharto in 1998. Indonesia's Foreign Policy under Suharto Leo Suryadinata, 2022-01-24 The book, which was first published in 1996, examines Indonesia's foreign policy under Suharto. It not only details Indonesia's foreign policy behaviour vis-à-vis Indonesia's neighbours and major powers but also places it in the context of foreign policy analysis. Today the book remains as the only full-length study on Indonesia's foreign policy under Suharto. It is now reprinted with a new postscript which discusses the post-Suharto era from B.J. Habibie to Joko Widodo. Indonesia under Suharto had attempted to become a regional power to lead Southeast Asian states and beyond. As the largest country and also the richest in terms of natural resources, Suharto's Indonesia was held in deference by the ASEAN states. However, due to its limited capabilities, its lack of military strength, advanced technology, and economic strength, the political influence of Jakarta was in fact quite limited. During the economic crisis, Suharto was forced to step down. He was succeeded by B.J. Habibie, who was largely preoccupied with domestic issues, who in turn was followed by weak presidencies such as Abdurrahman Wahid, Gus Dur, and Megawati. Only after the ex-general Susilo Bambang Yudhoyono assumed presidency did he manage to stabilize the situation and attain economic growth. He even became known as the Foreign Policy President. Nevertheless, he was constrained by the harsh Indonesian reality, limited resources, a weak military, and absence of political influence. His successor, Joko Widodo,

has been more concerned with economic matters and domestic politics Indonesian regional leadership declines further

The History and Policy Debate of Broadcasting Reform in Post-Suharto Indonesia Muhammad Thaufan Arifuddin , This book addresses the historical evolution of Indonesian broadcasting media its regulatory debates and the role of KPI in media democratization The broadcasting sector transitioned from a revolutionary tool under Sukarno to a controlled political instrument under Suharto with TVRI and RRI as state agents Suharto s regime imposed strict media regulations leading to the press s resistance and the eventual media liberalization under Habibie The enactment of the Broadcasting Law No 32 2002 aimed to balance national interests and media freedom Key debates arose from the media s unique political and economic role Initially civil society and media advocates supported the new law while private networks resisted Despite the ratification of the law subsequent legal challenges diluted KPI s regulatory authority shifting key powers to the government This struggle highlighted the lack of political will to fully support media democratization The ongoing debates involve KPI s efforts to navigate regulatory complexities the influence of civil society waning and media networks lobbying through political avenues KPI s role in fostering media democratization has been significant but constrained by limitations in regulating media ownership due to conflicts among KPI the government and media businesses Despite these obstacles KPI continues to advocate for media content diversity public participation and media literacy This chapter concludes that the dynamic interplay of market forces civil society and the state is crucial for democratic broadcasting in Indonesia with KPI playing a central role in this ongoing process

Chinese Identity in Post-Suharto Indonesia Chang-Yau Hoon, 2011 Aims to unpack the complex meanings of Chineseness in post 1998 Indonesia including the ways in which the policy of multiculturalism enabled such a resurgence the forces that shaped it and the possibilities for resinicisation This book examines ethnic Chinese self identify

Chinese Indonesians in Post-Suharto Indonesia Wu-Ling Chong, 2018-10-02 Selfish obscenely rich insular and opportunistic these remain how Chinese minorities in Indonesia are perceived by the indigenous population However far from being passive victims of discrimination and marginalisation Chong presents a forceful case in which Chinese Indonesians possess the agency to shape their future in the country particularly in the changing political business and socio cultural environment after the fall of Suharto While a lack of good governance that promotes the rule of law and accountability allows or even encourages some Chinese to maintain the status quo by perpetuating corrupt business practices inherited from Suharto s New Order regime there are other Chinese Indonesians who make full use of the democratic space opened up under the new administrations acting as agents of reform by participating in electoral politics and establishing inter ethnic socio cultural organisations Building on Anthony Giddens s structure agency theory and Pierre Bourdieu s notions of habitus and field Chong shows that the Chinese minorities have played an active role in the democratic process even though they continue to occupy an ambivalent position in Indonesia The Chinese Indonesians diverse strategies to safeguard their personal interests and cultural identities make a stimulating case study of what an ethnic minority could

do to make a difference Backed by formidable research Chong has produced an intriguing and original view of the political social and economic activity of the still precariously placed Chinese minority in Indonesia Donald L Horowitz Duke University author of *Constitutional Change and Democracy in Indonesia* In this illuminating study Chong traces the political economy of Indonesia s ethnic Chinese minority as they navigate the country s post 1998 politics which is more free but still lacks strong rule of law Focusing especially on Medan and Surabaya she analyses how some have strongly supported reforms while many continue old practices of surviving and profiting by participating in massive corruption and extortion Jeffrey A Winters Northwestern University author of *Oligarchy*

Suharto R. E. Elson,2001-11-13 Suharto is synonymous with modern Indonesia He came to the leadership of Indonesia amidst extreme social upheaval and mass violence in 1966 and established an enduring regime known as the New Order He remained in command of the world s fourth most populous country until his dramatic fall from power in 1998 This book provides fascinating insights into a man who rose from humble beginnings to exert extraordinary power over a complex and volatile nation He presented himself as an infallible father of Indonesia yet he remained a mysterious and puzzling figure He sought to transform Indonesia into a strong united and economically prosperous nation but he is remembered today for human rights abuses and profound corruption The system of power he created collapsed with his decline and he left a problematic legacy for Indonesia s current leaders as they seek to create a new beginning for their country

Power and Economy in Suharto's Indonesia Richard Robison,1990 *State-citizen Relations in Suharto's Indonesia* Nicolaas Gerhard Schulte Nordholt,1987 *Historical Dictionary of Indonesia* Audrey Kahin,2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world s most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of *Historical Dictionary of Indonesia* contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

Power and Economy in Suharto's Indonesia Richard Robison,1990

Dynamics of Dissent in Indonesia David Bouchier,2010 In June 1978 a forty five year old Indonesian named Sawito Kartowibowo was pronounced guilty of subversion He was charged with having composed a number of inflammatory

documents criticizing the government's failings and requesting that Suharto stand down as President. These documents would have been quite insignificant if those who had endorsed them had not been so well known. Their signatories included former Vice President Mohammad Hatta and four very prominent and well respected religious leaders: the head of the Catholic Church in Indonesia Cardinal Darmoyuwono, the Moslem publicist and writer Hamka, H. Abdulmalik Karim, Amrullah, a leading mystic and founder of the Indonesian Police, Said Sukanto, Tjokrodiatmojo, and retired General T. B. Simatupang, a Protestant leader and former Armed Forces Chief of Staff. As it was, the controversy over the documents became a national issue and the Sawito affair is one of the enigmas of recent Indonesian history. Puzzles abounded from the afternoon in September 1976 when the government dramatically announced the discovery of a plot to topple the President and a number of subsequent arrests. Had a coup been planned? Who was behind it? And who on earth was Sawito, the man the government declared had tricked Hatta and his fellow signatories into the dark conspiracy? Much of the public interest in Sawito in the months following the announcement derived from the publicization of a diary written by a former Indonesian diplomat describing a series of spiritual pilgrimages undertaken by Sawito in the early 1970s. According to the diary, Sawito had meditated on a sacred Javanese mountain top and there received supernatural signs that he was destined to rule Indonesia. Subsequently, in a solemn and archaic ritual involving symbols of the fifteenth century Majapahit Kingdom, Sawito had been invested as Ratu Adil, the messianic Just King. The press and later the courts drew the conclusion that Sawito, convinced of his regal destiny, had then embarked on a mission to replace Suharto as President. In order to achieve this, so the story went, he had drafted a number of subversive documents and with guile and deceit obtained the signatures of several gullible dignitaries. One newspaper ran a cartoon of a demented looking Sawito praying before a row of Javanese daggers (keris) and a fuming incense pot, dreaming of the presidential throne. The tiny figure running towards him and brandishing a piece of paper calls to Sawito: "It's not the age for that sort of thing any more, mas." The general impression was thus created that the affair was essentially a product of Sawito's mystically inspired claim to power. This became the accepted perception of the Sawito affair both for a large majority of Indonesians and in a number of Western academic treatments of the subject. A classic historical pattern of political challenge seemed to be repeating itself and parallels were drawn between the Sawito challenge and messianic Ratu Adil movements of Java's past. Analysts also invoked Javanese cultural tradition in an attempt to come to terms with the government's remarkably severe response to the affair. Some sought to explain the danger Sawito posed to Suharto by referring to traditional conceptions of the linkage between earthly and supernatural authority still exercising an influence in Indonesian society. As some readers will be unfamiliar with the cultural historical frame of reference alluded to here and elsewhere in this study, it is necessary briefly to identify a few key elements of the Javanese cosmology.
