Ballad of a Turkey Hunter Hunter Farrior, 2021-10-17

Turkey hunting is different. The humbling of nature found only in the season of spring is universally understood by those who hunt wild turkeys with a burning passion. There is an associated obsession within the souls of turkey hunters that is distinctly different than the mindset of those pursuing deer, duck, or any other realm of wild game. This book was written to celebrate, acknowledge, and ultimately pay respect to those who embrace the sounds, feelings, and appreciations that are experienced while chasing these birds. Through a series of stories, lessons learned the hard way, and a few unfortunate situations, you will find both helpful tips and entertainment from the author's outlook toward spring turkey season as he enlightens upon his journey. Some advice and how-to is also provided for turkey calling, setup strategies, camouflage patterns, roasted gobblers, and more. Through memories compiled from traveling across the southeastern and central states of the US from his hometown in Mississippi, the author seeks to cure an addiction to the outdoor lifestyle while providing a unique understanding to the heritage, history, and fulfillment found within the swamp bottoms of public land hunting areas. Each individual chapter is a new journey while

unfolding how the mind of a turkey hunter processes the spring woods and the perceptions that eventually lead the author to create what is now known as Spring Legion
