Summer Before Dark:

The Summer Before the Dark Doris Lessing, 2010-11-17 As the summer begins Kate Brown attractive intelligent forty five happily enough married with a house in the London suburbs and three grown children has no reason to expect anything will change But when the summer ends the woman she was living behind a protective camouflage of feminine charm and caring no longer exists This novel Doris Lessing s brilliant excursion into the terrifying stretch of time between youth and old age is her journey from London to Turkey to Spain from husband to lover to madness on the road to a frightening new independence and a confrontation with self that lets her finally come truly of age The Summer Before the Dark Doris Lessing, 1973 **Journey Through the Dark** Iben Krog Bidstrup, 2004 **The Summer Before the Dark** Doris Lessing, 1995 **Home Before Dark** Susan Cheever, 2015-09-01 In Home Before Dark Susan Cheever daughter of the famously talented writer John Cheever uses previously unpublished letters journals and her own precious memories to create a candid and insightful tribute to her father While producing some of the most beloved and celebrated American literature of this century John Cheever wrestled with personal demons that deeply affected his family life as well as his career In this poignant memoir of a man driven by boundless genius and ambition Susan Cheever writes with heartwrenching honesty of family life with the father the writer and the remarkable man she loved Beyond Innocence, Or, The Altersroman in Modern Fiction Linda A. Westervelt, 1997 In this groundbreaking work Linda A Westervelt defines an important yet previously unidentified and therefore unnamed type of novel the altersroman or age novel Fictions focusing on a protagonist s confrontation with mortality toward the end of middle age are likely to become ever more prominent in a Western world in which the average age of the population increases and more people reach late middle age and old age Working from a diverse sample of modern literature Westervelt analyzes the variety of responses to the life evaluation Some characters achieve a level of affirmation that allows renewal redirection or simply peace while others confront feelings of disgust or despair that so little time is left them Her altersromane are books about seeking wisdom though not everyone of this age becomes wise The use of the term altersroman highlights the fact that the altersroman is a classification comparable to but also clearly distinguishable from the bildungsroman wherein characters make the transition from youth to adulthood Westervelt contrasts her older protagonists characteristics with the equivalent characteristics in the bildungsroman through an examination of Don Quixote part 2 as well as six American novels The Ambassadors by Henry James The Professor s House by Willa Cather The Mansion by William Faulkner The Angle of Repose by Wallace Stegner A Book of Common Prayer by Joan Didion and Jazz by Toni Morrison These seven works though remarkably different share the common features of the altersroman Westervelt articulates the traits clearly rests them on the psychological literature and then shows in depth how the characteristics of the altersroman can enrich and more deeply inform our reading of a significant subset of modern literature that previously went unheralded Readers can use Westervelt s analysis to identify altersromane in literature other

than their own and she begins this process by identifying exemplars written in other languages Beyond Innocence or the Altersroman in Modern Fiction introduces readers to the altersroman as a tool for classification and analysis and demonstrates the power and utility of that tool It offers a meaningful and enriching complement to the more established category of the bildungsroman
