The Art of Strategy Hwy-Chang Moon, 2018-08-09. When it comes to strategy, how should we define victory? For centuries, Eastern and Western thinkers have grappled with this question, offering different answers. What can we learn from this difference? In *The Art of Strategy*, Moon provides a novel and systematic integration of the two dominant frameworks of the East and West: Sun Tzu's military strategy and Michael Porter's business strategy. This unlikely combination of thinking suggests an innovative extension of our understanding and practice of strategy, which will appeal to scholars, students, practitioners, and general readers with an interest in strategy. By aligning the perspectives of these two great thinkers, Moon argues that true winning is about maximizing and optimizing overall value for all engaged stakeholders, and this requires a more efficient approach to strategy.
