The School of Sun Tzu David G. Jones,2012-04-03 In The School of Sun Tzu author David G Jones offers a voyage of discovery into the world of competition and conflict His book presents fresh thought on how issue management without conflict can be applied in today s complex world The School of Sun Tzu carefully examines how the empire of China came into being the leadership of its first emperor and the role played by his learned academies which gave us the Tao Te Ching and the Ping fa by Sun Tzu incorrectly translated as Art of War The concepts values and practices that helped found China defined the greatness of the first empire History knows of but has not articulated the revisionist conspiracy of the second empire that worked so hard to discredit all the good that the first had achieved while leaving it essentially intact Fusing history politics philosophy and motivational theory Jones challenges not only conventional wisdom regarding Sun Tzu and Lao Tzu but even some generally accepted aspects of Chinese history It offers enlightening insights into a methodology as valid today for relationship management as it was centuries ago

*The Art of Educational Leadership* Fenwick W. English, 2007-08-14 English successfully challenges the established educational community to rethink the current state of research on school leadership in the social sciences The inclusion of theory discourse and stories of recognized leaders followed by chapter learning extensions that include key concepts movie recommendations and prompted reflective journaling makes this book a most valuable resource for the educational leadership community H J Bultinck CHOICE The Art of Educational Leadership provides one of the most complete examinations of leadership that I have encountered I admire the way it urges students to think and reflect The format allows individual learners to focus on those materials that best fit their learning style while the numerous presentations of a single topic through the different modalities strengthens the learning This text is a fresh new look at leadership Louise L MacKay East Tennessee State University Fenwick W English returns to themes of leadership he explored in more than 20 earlier books and dozens of presentation to educator audiences He favors re centering educational leadership in the humanities rather than acting on the recommendation of the business literature and he emphasizes the use of films as a way to humanize leadership concepts THE SCHOOL ADMINISTRATOR Excellent cogent analysis of key concepts of leadership are presented in a reader friendly style Saul B Grossman Temple University Moves beyond established notions of leadership to recognize that effective leading is about drama and performance artistry The Art of Educational Leadership Balancing Performance and Accountability stresses the human side of leadership No other text on this topic demonstrates so ably the importance of artistry in leadership in a field that has been lopsidedly dominated by concepts informed by science Presenting the idea that leadership is an art this book Exemplifies a balance between the science and the art of educational leadership The real improvement of practice is rooted in the art of application which is about context and represents the key to leadership practice Connects content material to self discovery Exercises at the end of each chapter include creating a personal

reflective journal to engage the reader in and reflect upon theories and practices presented in the book Films are suggested for viewing to illustrate the interaction between context culture decisions and outcomes Portrays multicultural leadership in action Biography boxes throughout the book share how multicultural educational and political leaders who have been recognized as expert practitioners learned the art of leadership in the public arena This is the first book in educational leadership to sketch out a balance between the science and the art of the field The text illustrates how performance and practice represent the art while the delineation of the skills and conceptual models represent the science

**Facing North Volume 2** David Goldsworthy, Peter Edwards, 2015-03-02 Facing North is the first substantial history of Australia's relations with Asia since Federation Volume 1 2001 chronicles Australian Asian relations from 1901 to the 1970s Volume 2 now carries the story through the last decades of the century Both make extensive use of official government sources and of the private collections of ministers and public servants This volume discusses the changing relations between Australia and Asia in the period from the 1970s to 2000 Over this time integration became a dominant theme as Australia looked increasingly to its near neighbours to form political social and economic alliances An important driving force behind this direction was the economic opportunities presented by Asia At the same time Australia championed the rights of Asian countries to self determination economic development and an independent role in international affairs The book combines the discussion of broad policy themes with detailed analysis of policy making in relation to particular issues such as human rights and episodes such as the crisis in East Timor At home a key concern was the question of difference between Australian and Asian values As Australia began accepting significant numbers of immigrants from the region the country's national identity and the extent to which it identified with Asia became matters of intense debate Australian society itself has changed as a result Facing North is essential reading for anyone who wants to better understand Australia's present relations with Asian countries and our future choices
